2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

“The Jackson Elementary School staff, working in partnership with parents and our community will strive to provide excellence in academics and the thinking and interpersonal skills necessary for all students to reach their maximum potential. We are committed to providing a safe learning environment where all students are valued and respected.”

Jackson School is located in the beautiful oak-studded foothills, twenty-five miles northeast of Sacramento. The campus serves a student body of 461 students in grades kindergarten through fifth. The educational program is supported by a staff of 21 classroom teachers, one music teacher, and one PE teacher.

- Jackson School was recognized as a 2002 California Distinguished School.
- California Distinguished School Honorable Mention 2006

The core educational program provided to the Jackson students is based on the California State Standards, and the California Curriculum Framework Standards. Beyond the core curriculum, Jackson's educational program provides a wide range of reinforcement and enrichment programs. Outstanding examples include: iXL math, coding, robotics, and 3-D Printing electives, one to one Chromebooks in 3rd-5th grade, Junior/Senior Choir, Jackson Actors Guild, classroom music instruction weekly, Instrumental Band, and much more.

Our Learning Center includes paraprofessionals and Independence facilitators who support the individual needs of our students. Jackson School has a physical education specialist providing a solid foundation for physical and social development based on our state standards for Physical Education. In addition, Jackson School has an outdoor Science Classroom and an award winning school garden. Jackson has a variety of enrichment programs after school including a garden club, cross country team, volleyball team, and basketball team.

Students with special needs are provided additional support through our Speech and Language Services, Health Services, and the Resource Specialist Program. In addition to the support programs listed above, Jackson School has an active Student Success Team. The team, composed of parent(s), teacher(s), specialist(s), and the principal, collaboratively reviews and suggests program modifications to help students succeed and learn.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

School buildings and grounds at Jackson School provide a clean, positive environment that is conducive to teaching, instruction, and learning. Staff and student rest rooms are clean and well maintained. Floors, wall, roof, and plumbing are maintained on a regular schedule. We currently have no new facility improvements planned but will be replacing the roof on our library and on our classroom buildings due to age.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	77	N/A	70	N/A	47
Mathematics (grades 3-8 and 11)	N/A	74	N/A	60	N/A	33

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Our school staff enjoys a high level of community support and involvement in all aspects of our educational programs. Parents participate in collaborative planning of our school-based program through School Site Council meetings. Additionally, our PTO works with school staff to identify school-wide needs that can be supported through parent volunteers and community fund raising events. Outstanding examples of these some of the PTO sponsored events and fundraisers are: the PTO Fall Festival, Doughnuts with Grownups, Santa Run, and the Giving Gala. Proceeds from these events have provided our students with a new school field, outdoor school garden, water bottle filling stations, school-wide educational resources, school marquee, art murals, a new sound system in our gym, and many outstanding special events including our annual Science Fair and Family Science Night.

Parents have an opportunity to participate on a variety of levels. Parents assist in classrooms during the Language Arts block and during math lessons. Parents help in the school garden with classes and help with upkeep of the garden over the summer months. The library coordinator utilizes parent help in our library. The PTO board also offers a wide variety of opportunities to help support classrooms and school events.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Jackson School currently has a new field being installed which will be ready for use in March 2023. The Ruppel Center, amphitheater, lunch facility, stage, and computer lab were completed in December 1999. Jackson School is on a traditional schedule. Policies and procedures are in place regarding campus safety, fire drill exercises, earthquake preparedness and playground supervision. The PBIS team evaluates and implements rules and procedures for staff and students. The Safe School Plan sets goals each year for campus improvements and campus safety goals. The custodial staff maintains our campus to ensure cleanliness and maintenance.

2021-22 Types of Services Funded

All Rescue schools receive equal allocations, per student, of LCFF Base Funding. This funding helps support students by providing instructional materials, supplies and other needs. Funding for support services, such as maintenance of buildings and grounds, utilities, and student transportation, is budgeted for at the district level and provided to each school site based on the varying needs of the individual school.

In addition to the Base Funding described above, schools in the Rescue Union School District receive Supplemental funding roughly proportional to the number of unduplicated pupils (English Learners, Socioeconomically Disadvantaged, and Foster/Homeless Youth) they serve. Furthermore, school sites receive allocations from other state and federal categorical programs, including Title I and Title II. The purpose of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students.

Professional Development

Professional Development is returning this school year beginning with our District Day workshop format at the beginning of the school year. Kindergarten teachers across the district also attended the Kindergarten Conference and teachers have been encouraged to pursue opportunities for professional development at the El Dorado County Office of Education. Previous year's topics include: Benchmark Advance, Growth Mindset, Step Up to Writing, PBIS, Trauma Informed Teaching Practices, and GLAD training. Teachers also have grade level meetings to analyze assessment data and target key standards. In addition, teachers meet to plan, develop and improve effective instructional strategies. Staff development related to instructional practices, curriculum, technology, State Standards, and other educationally related matters are provided for all teachers.

There are five minimum days for parent conferences and three days for report card preparation.

This table displays the number of school days dedicated to staff development and continuous improvement.
