2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils. with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/ For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/ For additional information about the school, parents/guardians and community members should contact the school principal or the district office. DataQuest is an online data tool located on the CDE DataQuest web page at **DataQuest** https://dq.cde.ca.gov/dataguest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners). The California School Dashboard (Dashboard) California School Dashboard https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and **California School** schools are meeting the needs of California's diverse student population. The DASHBOARD Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement. Internet access is available at public libraries and other locations that are publicly **Internet Access** accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available

on a workstation, and the ability to print documents.

2022-23 School Overview

Rescue School, which serves students in grades TK-5, is a quiet oasis in a rapidly growing and changing Sierra Nevada foothill community. School buses pass the school on a road where cows are grazing with deer and wild turkeys appearing from time to time. Approaching on Green Valley Road from the west, you will see the Sierra Nevada Mountains in the background, covered with snow in winter. Farms, fields, and houses are scattered along the hillside. Rescue is a friendly place where people know each other and take the time to stop and talk. The bus drivers, principal, teachers, and secretaries are your neighbors. You meet them at the game, at the store, or at the Rescue Post Office. The school itself is part of the neighborhood, serving as a gathering place for meetings, soccer and Little League, Boy/Girl Scouts, carnivals, and recreational activities. Although Rescue School was built in 1958, it has been well maintained and remodeled to improve the buildings for safety and comfort. Twenty percent of Rescue School's population are socio-economically disadvantaged; therefore we are identified as a Title I school, we receive additional funding from the Federal Government. Our cultural demographics include 1% American Indian or Alaska Native, 2% Asian, 1% Filipino, 1% African American, 13% Hispanic or Latino, and 83% White.

This year, Rescue Elementary is back to traditional activities and school procedures that were previously changed during the COVID pandemic. Rescue Elementary has brought back parent volunteers, in person school events, assemblies, sports and field trips without restrictions. We are proud to be thriving and continuing to offer a rich academic experience with a community based school plan that invites our families on campus.

Rescue Elementary has 21 general education classrooms in grades TK-5. We offer weekly physical education class for grades 1-5 and one Resource Specialist class for grades TK-5. We also have band classes for students in grades 4-5. With the support of the Rescue Elementary Parent Teach Council, we are able to offer monthly garden lessons and art instruction. Our teachers are a highly qualified collection of nurturing and devoted professionals with consistently high standards for themselves and their students. We offer a balanced instructional program with the goal of meeting the needs of the whole child. Our district adopted curricular materials include Benchmark (English Language Arts, GO Math, Step-Up to Writing, Scott Foresman Social Studies, and Handwriting without Tears (TK-2). ELA instruction is supplemented with Accelerated Reader and core literature. Math instruction is supplemented with Reflex Math and Math IXL. Mystery Science is used to supplement Science instruction. Rescue Elementary will also be participating in testing new NGSS CA approved science curriculum for 2022/2023. Academic differentiation is provided through a variety of methods including, but not limited to, small group, leveled group, and challenge group instruction. Our Learning Center is also used to support students. Teachers continue to receive staff development and collaboration time to work on California State Standards and with curriculum. Rescue teachers are in the

2022-23 School Overview

process of becoming certified in Guided Language Acquisition Development (GLAD) instructional strategies.

All grades are equipped with a class set of Chromebooks for their classroom to use. All classrooms have projectors and ELMOs to support student learning. Most have SMART Board Technology as well. Rescue Elementary has a Maker Space lab for all students to utilize that promotes STEAM inquiry and discovery. There are at least a dozen stations for students to utilize in the Maker Space. Rescue Elementary also offers a quality art program (Meet the Masters) for students in grades K-5. Students receive art instruction learning about various historical artists and their techniques and get to apply them to various art projects.

All students at Rescue School receive a differentiated curriculum in the regular classroom. Appropriate learning experiences are provided during the school day, usually in the regular classroom. Enrichment activities, challenge groups, and intervention groups are designed to support students and meet their individual needs. Before and after school enrichment and tutoring are available for students who need extra support or desire to participate in extra activities.

Rescue School is supported by the services of a nurse, psychologist, counselor, behaviorist, librarian, and a speech and language specialist. Our nurse is available 5 days a week to meet the health needs of students including vision and health screenings. The district psychologist performs evaluations and also meets with students when appropriate. The Librarian is a full time employee who is on campus 5 days a week. The Library is open before and after school. Each class rotates into the Library each week for stories read by our Librarian and to check out books. The Speech and Language Specialist works with students five days a week. A Learning Center exists to support those children with identified learning disabilities. Rescue School also participates in Academic Assessment/Program Modification, and the Individual Education Program (IEP) planning process. During leveled reading, students are grouped by their reading level so that all students receive appropriate instruction. Reading aides also work with groups of students during leveled reading in order to achieve the lowest possible teacher student ratio. The overall goal is to bring all students to benchmark and challenge advanced learners.

The Student Success Team (SST) approach is utilized to provide assistance to children experiencing difficulties. The SST, consisting of a teacher, parents, and the principal, meets regularly to develop an educational assistance plan for children referred by their teacher or parents. Rescue School is an excellent example of what can be achieved when parents, staff, and teachers work together to provide a strong educational foundation and create a meaningful and memorable school experience for their children.C

Our students are offered many enrichment opportunities which are supported by fundraisers, school donations and our PTC. We offer competitive sports teams for Cross Country (3rd-5th), Volleyball (5th), and Basketball (4th-5th). Other enrichment activities are offered through the school year including, but not limited to art, music, yoga, STEM, games, garden, and dance programs. Students can participate in our Student Council (4th-5th) and organize many events that foster community in our school and supports our community as a whole.

Our goal for our students and our staff is to exhibit behaviors in conjunction with Rescue's Big Three: Show Respect, Make Good Decisions, and Solve Problems. We offer successful social/emotional programs through character building and antibullying instruction. Positive Behavior Intervention Support is currently being implemented at Rescue School. Instruction is provided to demonstrate Rescue Elementary's behavior expectations and an incentive program is available at the classroom and school-wide level to recognize students who make good choices. Character traits are featured each month and monthly assemblies are scheduled to celebrate the academic and social achievements of our students. We employ a full time counselor to offer individual counseling to students in need, facilitate social skills groups, and deliver classroom lessons, such as Building Friendships, Respect, College, and Career Readiness and Self-Esteem. Our school theme this year is "Onward." Despite operating within the COVID-19 Pandemic, our focus and commitment to students and quality instruction has not wavered. We continue to plan for the future and gather data to develop in-depth intervention plans that address any social emotional or academic deficits resulting from this pandemic.

Rescue Elementary School was recognized as a California Distinguished School in 2010 and 2014.

The Mission Statement at Rescue School is as follows: At Rescue School we are committed to respecting the similarities and differences of others on our playgrounds, in our classrooms and community. We are dedicated to providing our students an excellent education in a safe, clean, and nurturing environment. We hold high expectations for all students and provide them with the support to meet their full potential.

Our Vision Statement is to provide a safe environment in which all people learn and receive respect, value, and support. Every student will receive a quality education in partnership with families and the community to be successful meeting challenging and comprehensive standards.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

School buildings and grounds at Rescue School provide a clean, positive environment that is conducive to teaching, instruction, and learning. Staff and student rest rooms are clean and well maintained. Floors, wall, roof, and plumbing are maintained on a regular schedule.

During 2019, new roofs were installed on our C-wing buildings and new ramps were installed in our D-wing and E-wing portables. The upper blacktop was scraped, replaced, and restriped providing a brand new, level, and safe play area.

During 2022, a new roof was installed on the multipurpose room.

Monthly playground equipment inspections and report and written monitoring the condition of our play area.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Rescue Elementary utilizes parent volunteers in the classroom on a regular basis. Many of our parent participate in this program ans help support the classrooms with group rotations or classroom events. Our staff is very grateful for the support we receive from our volunteers.

Rescue enjoys support for school programs on many levels. Parents are actively involved and interested in every aspect of their children's education from classroom assistance to participation in the Parent-Teacher Council (PTC) and School Site Council. The PTC organizes parent and community volunteers to plan social events for the Rescue Community such as the Harvest Festival, Daughter and Son events, and our spring Chomp and Stomp. They also organize a variety of fundraisers such as the "Fun Run," The "Read-a-Thon," and See's Candy sales to raise money to provide enrichment to our school.

The School Site Council (SSC) helps develop the Single School Plan for Student Achievement to set yearly goals and objectives in Language Arts, Math, Science/Social Studies, Health and Wellness, Citizenship, Visual and Performing Arts, and fitness. Technology improvements, our Art program, Makerspace, after school enrichment and activities/assemblies are offered annually to our students and supported through the fundraising efforts of the PTC and our Single Plan for Student Achievement.

Our student council provides many opportunities for parents to participate in their child's educational experience. Muffins for Mom and Donuts for Dad are the morning reading event that brings our parents to school to share good literature with their children. Our student council raises funds to support their goals, school-wide activities, and many causes to support those in need in the community. The council also sponsors school spirit days and special events. Families are encouraged to participate in our Grandparents' Day in September and our Veterans' Day event in November. We encourage our families to volunteer in their student's classrooms, attend field trips, and participate in various school extracurricular activities.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- · Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

2022-23 School Safety Plan

Rescue School was the first school built in the district (1958). Currently the campus contains 21 regular education classrooms. a library, a Learning Center, a gymnasium, a STEM room, an extended day room, and an administrative office. Students in grades K-5 have access to a swing set, climbing apparatus and bars, asphalt play area, and an open grass field. The custodial staff maintains campus cleanliness. The Safety Plan is an annual document designed to highlight areas of pride within our school while detailing ongoing goals and projects that are scheduled to continue improving our campus and the educational experience for our community. The Safety Plan is organized into three main categories: Physical Environment, Social Environment, and Cultural Environment. Each category offers objectives and goals meant to improve in these areas. Several committees including the Positive Behavior Intervention Support Committee (PBIS), the School Culture and Climate Committee and the School Site Council meet regularly to discuss school rules and procedures and address any school safety issues. Surveys are also given to solicit feedback from Rescue community stakeholders. The Rescue School Safety Plan (Reviewed 1/9/23) can be found on our school website at www.rescueelementary.org under the "Our School" tab and the "School Site Council" drop down menu.

Rescue School is on a traditional schedule to maximize the use of facilities. Fire department and insurance officials inspect the campus on a regular basis. Emergency backpacks with items needed during a crisis are in every classroom. Staff members receive annual training re: child protective services. Teachers and aides supervise the playground with a ratio of approximately 1 adult to 75 students. Safety is a top priority at Rescue School!

2021-22 Types of Services Funded

All Rescue schools receive equal allocations, per student, of LCFF Base Funding. This funding helps support students by providing instructional materials, supplies and other needs. Funding for support services, such as maintenance of buildings and grounds, utilities, and student transportation, is budgeted for at the district level and provided to each school site based on the varying needs of the individual school.

In addition to the Base Funding described above, schools in the Rescue Union School District receive Supplemental funding roughly proportional to the number of unduplicated pupils (English Learners, Socioeconomically Disadvantaged, and Foster/Homeless Youth) they serve. Furthermore, school sites receive allocations from other state and federal categorical programs, including Title I and Title II. The purpose of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students.

Professional Development

Early Release Professional Development/Teacher Collaboration days are scheduled on various days throughout the school year. During these meetings, teachers work to analyze assessment data and target key standards. In addition, they plan, develop and improve effective instructional strategies. Staff development related to instructional practices, curriculum, technology, California State Standards, and other educationally related matters are provided for all teachers.

Teachers receive professional development and will work collaboratively on a regular, ongoing basis to target key standards, analyze formative assessment data, and develop effective instructional practices.

At the elementary sites, three days are scheduled for grade level collaboration (reviewing formative assessment data and planning intervention), five minimum days for parent conferences and three days for report card preparation.

Teachers collaborate with grade level teams or school-wide. Teachers discuss grade level standards, common core standards, best practices, students needing to be challenged, students needing support, analyze data and develop/revise pacing guides.

Teachers in grades K-5 have received Step Up to Writing training to support writing instruction for students. Teachers have received the Guided Language Acquisition Development (GLAD) training where they receive professional development and have opportunities to observed GLAD trained teachers implement strategies with students. Teachers in grades K-5 are continuing to implement GLAD units into their instruction. All grades have participated in Love and Logic training to use behavior strategies to support struggling learners. Teachers are also receiving professional development in the implementation of Social Emotional Learning strategies and restorative practices with their students.

This table displays the number of school days dedicated to staff development and continuous improvement.
