## Jackson School Elementary School

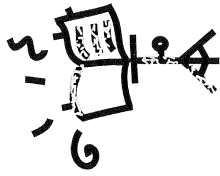

Jackson Elementary School focuses on educating the “whole” child by providing a nurturing environment that stresses a high level of performance in all academic areas including the arts. The Arts– Music, Dance, Theater, and Visual Arts are a critical piece in the education of every child. The Arts provide opportunities for children to think critically, problem solve and take creative risks. Students are able to examine the world through visual and performing arts, fostering an appreciation of diverse cultures and developing a deeper understanding of themselves. The Arts give children multiple opportunities to explore new ways to express themselves, investigate their talents, and showcase newly acquired skills.

### VAPA Emphasis

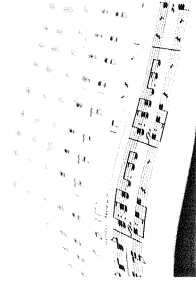

Many opportunities exist for students to experience the arts at Jackson Elementary School. California State Standards are embedded into the curriculum in all academic areas including VAPA. Music, theatrical performances, and visual arts are woven through the curriculum in all areas of study at each grade level. In addition, music theory is taught independently in each grade level K-5. Teachers receive ongoing staff development in the arts through the Sierra North Arts Project sponsored by UC Davis. Opportunities in the Arts at Jackson include:

- K-3 weekly music instruction in the music room.
- 4th-5th grade music appreciation classes are taught weekly in the upper grade music room.
- 4th-5th grade instrumental band classes are held twice a week in the band room.
- Students are taught a different type of dance each spring with trained dance instructors who conduct dance lessons on campus with individual classes.
- Students have an opportunity to join the

Junior or Senior choir under the direction of a credentialed teacher one morning each week before school. The choir has two formal performances each year for the student body and the public.

- The Jackson Actors Guild produces a fall musical for students in grades K-3 and a spring musical for students in grades 4-5. Students can choose to join JAG and come to rehearsals before school in the morning.
- Students can participate in Oral Interpretation, a poetry recital competition, where students can write an original poem or recite an author’s poem.
