**RESCUE UNION SCHOOL DISTRICT**

**AGENDA ITEM:**      Updates/Review:  
Board Policy, Administrative Regulations and Board Bylaws

**RECOMMENDATION:**

The Superintendent is recommending the Board of Trustees receive the listed policy for first reading and possible consideration for action. This policy will complete the updates for the new *GAMUT PolicyPlus*.

**BACKGROUND:**

*GAMUT PolicyPlus* relies on a consistent set of policy numbers and titles so that updates can be pushed out by GAMUT to school districts whenever there is a policy revision or change in legal resources. This consistent “codification” is also critical to the advanced search features in GAMUT.

Last June, Rescue Union reconciled existing policies to match the new required codification system. The policy presented for review is unique to RUSD. As an elementary district, we use the term “promotion” instead of “graduation” for our students either moving on to middle school or to high school. However, in order to meet the codification requirements in *GAMUT PolicyPlus* policies need to be uniform and therefore the GAMUT names cannot be changed or adjusted.

**STATUS:**

In order to complete the updates to *GAMUT PolicyPlus*, using the required codification system this policy is presented for first reading and possible consideration.

**FISCAL IMPACT:**

**BOARD GOAL(S):**

Board Focus Goal III – COMMUNICATION/COMMUNITY INVOLVEMENT:

Establish and maintain consistent and effective communication that is transparent and timely in an effort to provide and receive information that will engage and educate our District and community.

RESCUE UNION SCHOOL DISTRICT

**AGENDA ITEM:** California Healthy Kids Survey Results

**RECOMMENDATION:**

The Superintendent is recommending the Board of Trustees receive a report on the California Parents School Survey (CPSS) administered in February of 2022.

**BACKGROUND:**

The California School Parent Survey (CSPS) is specifically designed to provide data to help foster better parental involvement, one of the required priorities of Local Control and Accountability Plans (LCAP), and to bring parent voice into the school improvement process. The survey aims to raise awareness of how well the school is doing in its parent involvement efforts and what are the needs and concerns of parents that the school should address. It is a means to confidentially obtain parent perceptions about learning and teaching conditions, school climate, and parent-school involvement and relationships, including whether the school environment is academically challenging, caring and welcoming, participatory, safe, and fair.

The CSPS, along with its two companion surveys—the California Healthy Kids Survey (CHKS) and the California School Staff Survey (CSSS) for staff—is a service of the California Department of Education (CDE). These three surveys form the California School Climate, Health, and Learning Survey (CalSCHLS) System. CalSCHLS is the largest, most comprehensive effort in the nation to assess students, staff, and parents at the local level on a regular basis. The surveys provide key data on school climate and safety, learning supports and barriers, and stakeholder engagement, as well as youth development, health, and well-being (see [calschls.org](http://calschls.org)) to guide school improvement efforts.

**STATUS:**

The Board will receive information regarding Rescue Union School District's results for the California School Parent Survey administered to parents in the Rescue Union School District community. The CSPS Core Module provides data on nearly all domains of school climate including: parent involvement, school supports for students, perceived school safety, violence, bullying, caring adult relationships, high expectations, opportunities for meaningful participation, substance abuse, and social emotional supports.

- **Assess most of the key issues in regard to parent involvement in both the school and their own child's education.**
- **Provide feedback to the District on how parents view school climate, including their perspective on the degree to which positive conditions and supports exist at school.**

# Next Steps...

CSPS results for each individual school have been shared with site administrators.

Site Leadership Teams, School Site Councils, Safety Teams, Student Councils, and other groups will be planning ways to strategically improve student perceptions and outcomes.

It will be especially important to ensure that we continue to provide quality mental health services and social emotional supports, including counseling, PBIS, SEL competency building lessons, etc.

Additionally, we must be mindful of how to continue to provide education to students regarding physical and social emotional health and wellness.

The Federal Government and State intends to allocate significant resources to mental health in the new budget.
