

RESCUE UNION SCHOOL DISTRICT

AGENDA: PROCLAMATION OF THE RESCUE UNION SCHOOL BOARD REGARDING LEGAL, SAFE AND INSTRUCTIONALLY SOUND OUTDOOR EDUCATION OPPORTUNITIES

RECOMMENDATION:

The Superintendent is recommending the Board of Trustees approve the attached proclamation regarding legal, safe and instructionally sound outdoor education opportunities.

BACKGROUND:

As of June 15, lesser COVID-19 restrictions have gone into effect across California. In the new California Department of Public Health (CDPH) **public health order**, an update has been made to the masking guidance for schools. As we have done in the past, Rescue Union School District is aligning with this new guidance from CDPH and Cal/OSHA's updated workplace guidance.

The most significant changes come to face covering requirements which now vary depending on location (school site vs. non-school site and indoor vs. outdoor). Masks are no longer required for K-12 students when they are outdoors on a school campus.

STATUS:

Experts agree that the best instructional practice is when teachers and students are able to conduct their important work in-person and face-to-face. In order to ensure that we are providing the best educational strategies for our students, the Board is directing the Superintendent to collaborate with teachers and staff to implement as many outdoor education opportunities as possible.

FISCAL IMPACT:

There is the potential for some limited expenses to allow for increased outdoor educational opportunities. These expenses can be met utilizing one-time ESSR funds from the state and federal government.

BOARD GOALS:

Board Focus Goal I - STUDENT NEEDS

- A. Student Safety and Well Being: Enhance and encourage social, emotional, ethical and civic learning by providing a safe, supportive and diverse environment.
- B. Curriculum and Instruction: Provide a meaningful, innovative learning environment using Common Core, and other student content standards and research-based, progressive, effective instructional methodology, instructional materials, staff development and technology that will ensure student success in career and college.

**PROCLAMATION OF
THE RESCUE UNION SCHOOL BOARD
REGARDING
LEGAL, SAFE AND INSTRUCTIONALLY SOUND
OUTDOOR EDUCATION OPPORTUNITIES**

WHEREAS, the Board acknowledges its responsibility to comply with California Department of Public Health (CDPH) guidelines;

WHEREAS, the Board agrees that the best instructional practice is when teachers and students are able to conduct their important work in-person and face-to-face;

WHEREAS, the California Department of Public Health (CDPH) has acknowledged that masks are not required outside;

NOW, THEREFORE, BE IT RESOLVED, that the Board hereby directs the Superintendent to collaborate with teachers and staff to implement as many outdoor education opportunities as possible and further instructs the Superintendent to provide necessary support for such outdoor education learning opportunities.

PASSED AND ADOPTED by the Rescue Union Board of Education on this 28th day of July 2021.

**AGENDA: Update to Board Policy (BP) and Administrative Regulations (AR)
6158 Independent Study**

RECOMMENDATION:

The Superintendent is recommending the Board of Trustees approve the attached update to Board Policy and the complimentary Administrative Regulations 6158 Independent Study.

BACKGROUND:

On July 9, 2021, Governor Newsom signed AB 130 into law. Although the scope of AB 130 is broad, its most immediate changes pertain to independent study (“IS”), as summarized below:

- AB 130 requires all LEAs (not charters) to offer IS to students during the 2021/2022 school year.
- A notice regarding IS availability and related matters must be posted on the LEA website.
- AB 130 requires substantial modifications to LEA policies to incorporate many of its changes. These revisions must be made before the LEA begins providing instruction via IS to receive apportionment. Making revisions in time may require calling a special meeting and/or waiving any requirements regarding second/third readings of policies prior to adoption.
- AB 130 also mandates substantial revisions to IS agreements/contracts. Unlike the required updates to LEA policies, these contracts can be executed as late as 30 days after the first day of IS instruction. Prior to signing the agreements, LEAs must also arrange a conference with the pupil, parent, and relevant teachers/administrators to discuss IS and related matters.

STATUS:

The attached revisions to BP/AR 6158 mirrors CSBA’s updated and suggested policy for adoption.

FISCAL IMPACT:

Offering an Independent Study program for the 2021-2022 school year will require some expenditures. The total cost of the program will not be known until the district assesses parent guardian and caregiver interest in the program. These expenses can be met utilizing one-time ESSR funds from the state and federal government.

BOARD GOALS:

Board Focus Goal I - STUDENT NEEDS

- A. Student Safety and Well Being: Enhance and encourage social, emotional, ethical and civic learning by providing a safe, supportive and diverse environment.
- B. Curriculum and Instruction: Provide a meaningful, innovative learning environment using Common Core, and other student content standards and research-based, progressive, effective instructional methodology, instructional materials, staff development and technology that will ensure student success in career and college.

Board Policy

Independent Study

BP 6158

Instruction

The Governing Board authorizes independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan and enabling students to reach curriculum objectives and fulfill promotion requirements. As necessary to meet student needs, independent study may be offered on a full-time basis or on a part-time basis in conjunction with part- or full-time classroom study.

(cf. 0420.4 - Charter Schools)

(cf. 6011 - Academic Standards)

(cf. 6143 - Courses of Study)

(cf. 6146.1 - High School Graduation Requirements)

(cf. 6181 - Alternative Schools/Programs of Choice)

(cf. 6200 - Adult Education)

A student's participation in independent study shall be voluntary. Students participating in independent study shall have the right, at any time, to enter or return to the regular classroom mode of instruction. (Education Code 51747; 5 CCR 11700)

Parents/guardians of students who are interested in independent study shall contact the Superintendent or designee. The Superintendent or designee shall approve independent study for an individual student only upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than he/she would in the regular classroom.

The minimum period of time for any independent study option shall be five consecutive school days. (Education Code 46300)

The Superintendent or designee shall ensure that a written independent study agreement, as prescribed by law, exists for each participating student. (Education Code 51747)

To foster each participating student's success in independent study, the Board establishes the following maximum lengths of time which may elapse between the date an assignment is made and the date by which the student must complete the assigned work:

The written agreement shall specify the length of time in which each independent study assignment must be completed. Because excessive leniency in the duration of independent study assignments may result in a student falling behind his/her peers and increase the risk of dropping

out of school, independent study contracts or agreements shall be no more than one trimester for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

When a participating student misses assignments equivalent to three days of independent study work in one trimester, an evaluation shall be conducted to determine whether it is in the student's best interest to remain in independent study. However, a student's written agreement may specify a lower or higher number of missed assignments that will trigger an evaluation when the Superintendent or designee determines it appropriate based on the nature of the assignments, the total number of assignments, and/or other unique circumstances.

Supervising teachers should establish an appropriate schedule for student-teacher conferences in order to help identify students falling behind in their work or in danger of failing or dropping out of school. Except in unusual circumstances, it is expected that the supervising teacher will meet, either in person or by electronic means, with each participating student at least once every two weeks to discuss the student's progress.

(cf. 5147 - Dropout Prevention)

Missing appointments with the supervising teacher without valid reasons also may trigger an evaluation to determine whether the student should remain in independent study.

Students in independent study have access to the same services and resources of the school in which they are enrolled as is available to other students in the school. (5CCR Section 11701.5(b))

The Superintendent or designee shall annually report to the Board the number of students participating in independent study, the average daily attendance generated for apportionment purposes, the quality of these students' work as measured by standard indicators, and the number and proportion of independent study students who graduate or successfully complete independent study. Based on the program evaluation, the Board and Superintendent shall determine areas for program improvement as needed.

(cf. 0500 - Accountability)

(cf. 5121 - Grades/Evaluation of Student Achievement)

(cf. 6162.5 - Student Assessment)

Home-Based Independent Study

The Superintendent or designee shall encourage parents/guardians desiring to teach their children at home to have their children participate in independent study. Such participation allows continued contact and cooperation between the school system and the home-based student and ensures that the student will be offered a standards-based education substantially equivalent in quality and quantity to the district's classroom instruction.

Pursuant to Assembly Bill 130 the Governing Board will adopt the changes to Independent Study as noted below for the 2021–22 school year only, unless otherwise noted:

The Governing Board authorizes independent study as an optional alternative instructional strategy for students whose needs may be best met through study outside of the regular classroom setting. Independent study shall offer a means of individualizing the educational plan to serve students whose health or other personal circumstances make classroom attendance difficult, and/or who need to make up credits or fill gaps in their learning. The Superintendent or designee may provide a variety of independent study opportunities, including, but not limited to, through a program or class within a comprehensive school, an alternative school or program of choice, a charter school, and an online course. A student's participation in independent study shall be voluntary. (Education Code 51747, 51749.5). Independent study for each student shall be under the general supervision of a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300. Students' independent study shall be coordinated, evaluated, and documented, as prescribed by law and reflected in the accompanying administrative regulation. (Education Code 51747.5)

General Independent Study Requirements

For the 2021-22 school year, the district shall offer independent study, as specified in Education Code 51745, to meet the educational needs of students unless the district has obtained a waiver. (Education Code 51745). For the 2022-23 school year and thereafter, the Superintendent or designee may continue to offer and approve independent study for an individual student upon determining that the student is prepared to meet the district's requirements for independent study and is likely to succeed in independent study as well as or better than the student would in the regular classroom setting.

Because excessive leniency in the duration of independent study assignments may result in a student falling behind peers and increase the risk of dropping out of school, independent study assignments shall be completed no more than one week after assigned for all grade levels and types of program. However, when necessary based on the specific circumstances of the student's approved program, the Superintendent or designee may allow for a longer period of time between the date an assignment is made and when it is due, up to the termination date of the agreement.

An evaluation shall be conducted to determine whether it is in a student's best interest to remain in independent study whenever the student fails to make satisfactory educational progress and/or misses three assignments. Satisfactory educational progress shall be determined based on all of the following indicators: (Education Code 51747)

1. The student's achievement and engagement in the independent study program, as indicated by the student's performance on applicable student-level measures of student achievement and engagement specified in Education Code 52060

2. The completion of assignments, assessments, or other indicators that evidence that the student is working on assignments
3. Learning required concepts, as determined by the supervising teacher
4. Progress towards successful completion of the course of study or individual course, as determined by the supervising teacher

The Superintendent or designee shall ensure that students participating in independent study are provided with content aligned to grade level standards at a level of quality and intellectual challenge substantially equivalent to in-person instruction.

The Superintendent or designee shall ensure that students participating in independent study for 15 school days or more receive the following throughout the school year: (Education Code 51747)

1. For students in grades transitional kindergarten, kindergarten, and grades 1 to 3, opportunities for daily synchronous instruction
2. For students in grades 4-8, opportunities for both daily live interaction and at least weekly synchronous instruction

The Superintendent or designee shall ensure that procedures for tiered reengagement strategies are used for all students who are not generating attendance for more than three school days or 60 percent of the instructional days in a school week, or who are in violation of their written agreement. This requirement only applies to students participating in an independent study program for 15 school days or more. The procedures shall include, but are not necessarily limited to, all of the following: (Education Code 51747)

1. Verification of current contact information for each enrolled student
2. Notification to parents/guardians of lack of participation within one school day of the absence or lack of participation
3. A plan for outreach from the school to determine student needs, including connection with health and social services as necessary
4. A clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being

The Superintendent or designee shall develop a plan to transition students whose families wish to return to in-person instruction from independent study expeditiously, and, in no case later, than five instructional days. This requirement only applies to students participating in an independent study program for 15 school days or more. (Education Code 51747)

The Superintendent or designee shall ensure that a written master agreement exists for each participating student as prescribed by law. (Education Code 51747, 51749.5)

The district shall provide written notice to the parents/guardians of all enrolled students of the option to enroll their child in in-person instruction or independent study during the 2021-22 school year. This notice shall be posted on the district's web site, and shall include, at a

minimum, information about the right to request a student-parent- educator conference before enrollment, student rights regarding procedures for enrolling, disenrolling, and re-enrolling in independent study, and the instructional time, including synchronous and asynchronous learning, that a student will have access to as part of independent study. (Education Code 51747)

Upon the request of the parent/guardian of a student, before making a decision about enrolling or disenrolling in independent study and entering into a written agreement to do so, the district shall conduct a telephone, videoconference, or in-person student-parent-educator conference or other meeting during which the student, parent/guardian, or their advocate may ask questions about the educational options, including which curriculum offerings and nonacademic supports will be available to the student in independent study. (Education Code 51747)

Master Agreement

For the 2021–22 school year only, the district shall obtain a signed written agreement for independent study no later than 30 days after the first day of instruction. A written agreement shall be developed and implemented for each student participating in independent study for three or more consecutive school days. (Education Code 46300, 51747; 5 CCR 11703)., The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement. The independent study agreement for each participating student also shall include, but are not limited to, all of the following: (Education Code 51747; 5 CCR 11700, 11702)

2. The objectives and methods of study for the student's work and the methods used to evaluate that work
3. The specific resources that will be made available to the student, including materials and personnel, and access to Internet connectivity and devices adequate to participate in the educational program and complete assigned work
4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion, the level of satisfactory educational progress, and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year
6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion
7. A statement detailing the academic and other supports that will be provided to address the needs of students who are not performing at grade level, or need support in other areas, such as English learners, students with disabilities with an individualized education program or a Section 504 plan in order to be consistent with their program or plan, students in foster care or experiencing homelessness, and students requiring mental health supports.
8. A statement that independent study is an optional educational alternative in which no student

may be required to participate

9. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

10. Before the commencement of independent study, the agreement shall be signed and dated by the student, the student's parent/guardian or caregiver if the student is under age 18 years, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student. Written agreements may be signed using an electronic signature that complies with state and federal standards, as determined by the California Department of Education (CDE). (Education Code 51747)

The parent/guardian's signature on the agreement shall constitute permission for the student to receive instruction through independent study.

measures of student achievement and student engagement set forth in Education Code 52060, completion of assignments, assessments, or other indicators that evidence that the student is working on assignments, learning of required concepts, as determined by the supervising teacher, and progress toward successful completion of the course of study or individual course, as determined by the supervising teacher. If satisfactory educational progress in an independent study class is not being made, the teacher shall notify the student and, if the student is under age 18 years, the student's parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether the student should be referred to an alternative program, which may include, but is not limited to, a regular school program. A written record of the evaluation findings shall be a mandatory interim student record maintained for three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school. Procedures for tiered reengagement strategies shall be used for all students who are not making satisfactory educational progress in one or more courses or who are in violation of the written learning agreement, as described in the section "Learning Agreement for Course-Based Independent Study" below. These procedures shall include, but are not necessarily limited to, the verification of current contact information for each enrolled student, notification to parents/guardians of lack of participation within one school day of the absence or lack of participation, a plan for outreach from the school to determine student needs, including connection with health and social services as necessary, and a clear standard for requiring a student-parent-educator conference to review a student's written agreement and reconsider the independent study program's impact on the student's achievement and well-being.

11. A student participating in this program shall not be assessed a fee that is prohibited by Education Code 49011.

12. A student shall not be prohibited from participating in independent study solely on the basis that the student does not have the materials, equipment, or access to Internet connectivity necessary to participate in the course.

13. A student with disabilities, as defined in Education Code 56026, shall not participate in course-based independent study, unless the student's individualized education program specifically provides for that participation.

14. A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 through course-based independent study.

15. The district shall maintain a plan to transition any student whose family wishes to return to in-person instruction from course-based independent study expeditiously, and, in no case, later than five instructional days.

4. As appropriate to the program in which the students are participating, a daily or hourly attendance register that is separate from classroom attendance records, maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons
5. Appropriate documentation of compliance with the teacher-student ratios required by Education Code 51745.6 and 51749.5 (Education Code 51745.6 and 51749.5)
6. Appropriate documentation of compliance with the requirements pursuant to Education Code 51747.5 to ensure the coordination, evaluation, and supervision of the independent study of each student by a district employee who possesses a valid certification document pursuant to Education Code 44865 or an emergency credential pursuant to Education Code 44300 (Education Code 51747.5)

(cf. 6143 - Courses of Study)
2. Individualized study in a particular area of interest or in a subject not currently available in the regular school curriculum

(cf. 0420.4 - Charter Schools)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6181 - Alternative Schools/Programs of Choice)

In addition, when requested by a parent/guardian due to an emergency, vacation, or illness, independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in his/her regular classes.

(cf. 5113 - Absences and Excuses)

Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the district's adopted course of study within the customary time frame. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal

rights and privileges. (5 CCR 11700, 11701.5)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The district shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians. (Education Code 46300.6, 51747.3)

Eligibility for Independent Study

Provided that experienced certificated staff are available to effectively supervise students in independent study, the Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently. A student whose academic performance is not at grade level may participate in independent study only if the school is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

A student participating in independent study must be a resident of the county or an adjacent county. Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 46300.2, 51747.3)

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

For a student with disabilities, as defined in Education Code 56026, participation in independent study shall be approved only if his/her individualized education program specifically provides for such participation. (Education Code 51745)

(cf. 6159 - Individualized Education Program)

A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 by means of independent study. (Education Code 51745)

(cf. 6183 - Home and Hospital Instruction)

Written Agreements

A written agreement shall be developed and implemented for each student participating in independent study for five or more consecutive school days. (Education Code 46300, 51747)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but not be limited to, all of the following: (Education Code 51747; 5 CCR 11700)

1. The manner, time, frequency, and place for submitting the student's assignments and for reporting his/her progress
2. The objectives and methods of study for the student's work and the methods used to evaluate that work
3. The specific resources, including materials and personnel, that will be made available to the student
4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion and the number of missed assignments which will trigger an evaluation of whether the student should be allowed to continue in independent study
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one trimester.
6. A statement of the number of course credits or, for an elementary student, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion
7. A statement that independent study is an optional educational alternative in which no student may be required to participate
8. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Before the student begins the independent study, the written agreement shall be signed and dated by the student, the parent/guardian or caregiver of the student if the student is under age 18, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student. (Education Code 51747; 5 CCR 11702)

Monitoring Student Progress

Independent study students who are late, miss scheduled conferences, or do not submit assigned work on time shall not be reported as tardy or truant.

However, the independent study administrator and/or supervising teacher shall promptly and

directly address any failure by the student to meet the terms of his/her written agreement.

The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian
2. A meeting between the student and the teacher and/or counselor
3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in Board policy and the written independent study agreement as precipitating an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether or not independent study is appropriate for the student. This evaluation may result in termination of the independent study agreement and the student's return to a regular school program.

Responsibilities of Independent Study Administrator

The responsibilities of the independent study administrator shall be to:

1. Ensure that the district's independent study option is operated in accordance with law, Board policy, and administrative regulation and is substantially equal in quality and quantity to the classroom instruction
2. Obtain and maintain current information and skills required for the operation of an independent study program that meets established standards for the district's educational programs
3. Develop and manage the budget for independent study
4. Authorize the selection of certificated staff to be assigned as independent study teachers
5. Supervise any staff assigned to independent study functions who are not regularly supervised by another administrator

(cf. 4112.2 - Certification)

(cf. 4112.24 - Teacher Qualifications Under the No Child Left Behind)

The principal and independent study administrator may recommend and the Superintendent shall approve the assignment of teachers to directly supervise independent study and/or work with students on specific subject matter. The Superintendent or designee shall ensure that independent study teachers have access to professional development and support comparable to classroom-based teachers.

(cf. 4131 - Staff Development)

The ratio of student average daily attendance to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs in the district. (Education Code 51745.6)

10. Maintain a daily or hourly attendance register in accordance with item #4 in the section on "Records" below
11. Maintain any other required records and files on a current basis

2. A separate listing of the students, by grade level, program, and school, who have participated in independent study. This listing shall identify units of the curriculum attempted and units of the curriculum completed by students in grades K-8, as specified in their written agreements.
3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's signed or initialed and dated notations indicating that he/she has personally evaluated the work or that he/she has personally reviewed the evaluations made by another certificated teacher.
4. A daily or hourly attendance register, as appropriate to the program in which the students are participating, separate from classroom attendance records, and maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons.

(cf. 3580 - District Records)

The above records shall be maintained for three years, excluding the current fiscal year.

The Superintendent or designee also shall maintain a record of grades and other evaluations issued to each student for independent study assignments.

Each school shall maintain records for the students at that school.

A written record of the findings of any evaluation conducted after the student has missed the number of assignments specified in Board policy shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education
