

Acceptable Use Agreement
Rescue Union School District
Parent / Student Permission for Use of District Network

The Rescue Union School District (the District) is providing all schools with access to its Digital Telecommunications Network (the Network) and through it to the vast resources available on the Internet. These resources will primarily be used by students in conjunction with teacher directed classroom study. In addition, students may be able to independently explore and research many fields of study.

By signing this document, you signify that you have read and agree to the terms of the Student Acceptable Use Policy for Computer Networks and that you agree to allow your child to access the District Network, and through it, the Internet, using the District's Network, computers, and facilities.

As the parent/guardian of my child, a student in the Rescue Union School District, I agree to allow my student to use the District Network and through it to access electronic mail and the Internet. I understand that regardless of the precautions taken by the District, there is a chance that my student may be exposed to materials or communications that I may find offensive, but agree that this is an acceptable risk given the positive educational benefits expected of the District Network and Internet access program.

In consideration of the Rescue Union School District permitting my child to access the School District's Network and through it the Internet, I agree to the following:

I agree to indemnify, defend and hold harmless the Rescue Union School District and its officers, employees and representatives, from and against any and all claims for damage or injury caused by or related to my child's willful and/or intentional violations of the provisions of this agreement.

I hereby agree to RELEASE the Rescue Union School District and its officers, employees and representatives from any claims regarding injury to my child, including claims for NEGLIGENCE, however caused, arising from or in connection with my child's use of the District's Network, electronic mail, and the Internet. **I understand this agreement will be kept on file in the school office and will remain in effect as long as my child attends this school or until I rescind this permission in writing.** Questions should be directed to the principal for clarification.

My child **MAY** use the District Network and through it access the Internet each year while attending this school according to the rules outlined. Should I wish to rescind permission, I will notify the school in writing.

I would prefer that my child NOT use the Internet while at school.
