2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

“The Rescue Union School District, working cooperatively with parents and community, will educate all students to their highest potential, preparing them to understand and appreciate the past, adapt to the ever-changing present, and make responsible decisions for the future.”

Marina Village Middle School is located north of Highway 50 in El Dorado Hills. The school is 39 years old. It is a sixth/seventh/eighth-grade school with an enrollment of 740 students on campus. Marina Village is one of seven schools in the District. Marina Village has a trimester schedule that provides students with more enrichment choices than on a semester schedule. Progress reports are posted online shortly after the middle of each trimester. Grades are posted online at the end of each trimester and hard copies are available upon request.

Marina Village has established a reputation for academic excellence. There are grade requirements for participating in extracurricular activities. The staff has high expectations for quality work from students. Each student can expect to be treated fairly, to work and play in a safe environment, to be challenged, and to be properly instructed and evaluated by competent, caring teachers.

Students with special needs are provided special help through several support programs. The Resource Specialist Program provides help for students in the areas of mathematics, reading, and language arts. This support is provided by direct instruction, collaboration with the classroom teacher, and team teaching. Class size is small to allow for individual attention. Additional support is provided by a school counselor, a district nurse (1 day per week), a district psychologist (4 days per week), and a county speech/language specialist (2 days per week). Services include academic counseling, crisis intervention, and referrals to outside agencies. Tutorial instruction is available before school, during lunch periods when school is in session for a full day, and after school through the Homework Club program for those students in need of extra help. A mandatory assignment to Homework Club is provided for students who are academically failing. Marina Village teachers work closely with the support staff.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

School buildings and grounds at Marina Village provide a clean, positive environment that is conducive to teaching, instruction, and learning. Staff and student restrooms are clean and well maintained. Floors, wall, roof, and plumbing are maintained on a regular schedule.

The Rescue School District custodial and maintenance personnel work hard to keep the campus clean, safe, and in good working order. A district deferred maintenance program is in place to repair or replace major areas of the campus, such as roofs, blacktop, carpet, and heating/air conditioning units. All efforts are made to ensure building safety, cleanliness, and adequacy. The school has built an outdoor science classroom that is maintained by students through elective classes and community service opportunities. Improvements to the landscaping and parking lot have been completed.

The student leadership program and Marina Ohana Committee program have each installed storage units for supplies. The District has completed a full remodel of the school gym, adding a new wood floor, two new scoreboards, new record boards, and painting the gym interior. The District has also completed the remodel of the main office in order to provide a private health office space, an additional security exit, and a larger conference room. In 2018, construction was completed of a new two-story building that facilitates two new science classrooms, a new Project Lead the Way classroom, and approximately 9 general education classrooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parent support of the school is very strong. Parent involvement includes, but is not limited to, Parent Teacher Club (PTC), School Site Council, Music Boosters, chaperoning dances and field trips, volunteering with the office and in classrooms, and assisting with promotion activities. Weekly updates from the principal are sent to parents by email and posted on the school website with announcements and reminders about school programs, activities, and events. Additional communication with parents regarding the school and individual students is maintained through an online grade reporting program (Jupitergrades), telephone calls, progress reports, letters, social media, conferences, press releases, special flyers, e-mail, and school website (www.marinamustangs.com).

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.05	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Parents and students consistently provide feedback indicating that Marina Village promotes a positive learning environment and that students are challenged in all academic areas. Positive behavior and achievement are recognized in numerous ways. Staff members nominate students for "Student Recognition" at the end of every trimester. These students are acknowledged for their special achievements at school assemblies. Teachers provide tickets for outstanding behavior (Ohana Tickets and Mustang Pride Tickets) that may be redeemed for prizes and are entered into lunchtime drawings during spirit weeks. Academic achievement is recognized through Honor Roll and Principal's Honor Roll awards each trimester; and the school's chapter of Honor Society. 8th-grade students are eligible for the Mustang Pride Award for academic excellence over 3 years and are awarded at 8th-grade promotion.

High expectations for student citizenship are an important part of the Marina Village climate. All students participate in a merit system that encourages appropriate behavior and results in merit deductions and disciplinary action as a consequence of poor behavioral choices. Students who complete each trimester with a full complement of merits are rewarded with an educational assembly. Students who do not qualify for the assembly may participate in alternative activities to help them to learn about personal responsibility and positive choices. The school counselor also provides presentations to all students in behavioral areas that are a concern and school-wide assemblies provide additional instruction in behavior areas such as bullying, cyber safety, substance abuse, and student interactions.

Each year the school's safety plan and discipline policy are reviewed. The policy revisions have positively influenced student behavior. This year's committee will review the existing policy and may recommend additional revisions. Marina Village has implemented several programs to improve the climate and help students feel more connected to the school and their community.

The WEB program (Where Everybody Belongs) is made up of 8th graders who plan activities with 6th graders to help them with their transition to middle school. Marina has implemented a PBIS (Positive Behavior Intervention and Supports) program to teach student behavior expectations, to recognize positive choices, and to provide support services for students. A variety of clubs meet after school, offering opportunities for positive social interaction, and students can create their own clubs in their areas of interest. Marina students are involved in anti-drug, anti-tobacco, environmental, and community service activities. Marina staff have also been training SEL practices and conflict resolution. Marina Village students function in a safe, positive environment. Marina Village recognizes that positive behavior and appropriate activities will stimulate a healthy, productive school climate.

A Site Safety Committee meets as part of the School Site Council to update the School Safety Plan and identify areas of need. Eagle Scout projects and community outdoor workdays are scheduled to improve facilities.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students
English Language Arts	26	2	18	
Mathematics	27	3	13	3
Science	28	2	17	1
Social Science	29		18	1

2020-21 Types of Services Funded

All Rescue schools receive equal allocations, per student, of LCFF Base Funding. This funding helps support students by providing instructional materials, supplies and other needs. Funding for support services, such as maintenance of buildings and grounds, utilities, and student transportation, is budgeted for at the district level and provided to each school site based on the varying needs of the individual school.

In addition to the Base Funding described above, schools in the Rescue Union School District receive Supplemental funding roughly proportional to the number of unduplicated pupils (English Learners, Socioeconomically Disadvantaged, and Foster/Homeless Youth) they serve. Furthermore, school sites receive allocations from other state and federal categorical programs, including Title I and Title II. The purpose of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students.

Professional Development

Early Release Professional Development/Teacher Collaboration days are scheduled each Wednesday throughout the school year. During these meetings, teachers work to analyze assessment data and target key standards. In addition, they plan, develop and improve effective instructional strategies. Staff development related to instructional practices, curriculum, technology, Common Core State Standards, and other educationally related matters are provided for all teachers.

Teachers receive professional development and will work collaboratively on a regular, ongoing basis to target key standards, analyze formative assessment data and develop appropriate instructional practices.

At the middle schools, minimum days are provided for departmental collaboration, parent conferences, report card preparation, and middle school/high school departmental articulation.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
