This field is dedicated to the memory of Erin Hauge, a 1990 graduate of Marina Village. Erin grew up in Shingle Springs, attending Rescue Union School District from Kindergarten through 8th grade.

Erin was a kindhearted, shy, soft spoken, and well-liked young girl who enjoyed helping others. A gifted artist, she dreamed of becoming a Disney animator one day.

Looking forward to a future full of possibilities, her dreams came to an end one summer's day in 1990. Erin is gone, but never forgotten.
