## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Lake Forest Elementary was founded in 1990 with six classrooms and 130 students. The school increased with our expanding neighborhood and in the late 90's, our enrollment grew to 35 classes and nearly 840 students. In 2003-2004, Lake Forest Elementary School returned to a traditional calendar after being on a multi-track year-round calendar for nine years. Our 6th grade classes were moved to Marina Village Middle School at this time, reducing enrollment considerably, and the growth in the neighborhood stabilized. In 2019-20, our enrollment was at 445 students. 2020 brought more changes and a quarter of the population chose to learn remotely, which further reduced classes. For the majority of the year, in person learning was delivered via a Hybrid model which served approximately 360 students in 15 classrooms. At the start of the 2023-24 school year, 410 students in grades TK-5 were enrolled on the Lake Forest campus filling 20 classrooms.

In 2019, the Rescue Union School District moved the elementary Special Day Classes (SDC) to Lake Forest. We have three SDC classes: One class serves students in K-1st grades, one serves 2-3rd grade students, and the other supports students in 4th/5th grades. Currently, Lake Forest SDC enrollment is 31 children in those three classes. Many of those 31 students also mainstream into general education classes with aide support, in accordance with their IEPs. The classes are well supported with SDC aides who work in the both the SDC classes and support in general education classes with students who are eligible for those services. In 2023-2024, Lake Forest employed 9 SDC aides, 3 SDC teachers and 1 Registered Behavior Technician (RBT).

Student successes at Lake Forest have resulted in state and national recognition. In 2012, our school's Academic Performance Index (API) score was 937. This achievement was the highest score in Rescue Union School District history, ranked in the top 10 for all elementary schools in the Sacramento region and was the highest recorded in El Dorado Hills. In 2004 and 2014, our school was chosen for the California Distinguished School Award as one of the top achieving elementary schools in the state. This trend continued in 2013 and 2014, with academic scores consistently ranking among the highest achieving schools in El Dorado County. According to our 2022-2023 Smarter Balanced Assessment (SBAC) data, 69.83% of Lake Forest students met or exceeded standard in ELA and 72.29% of Lake Forest students met or exceeded standard for Math.

Lake Forest Elementary School prides itself on its positive school climate and its commitment to ensuring success for all students. All teachers are credentialed and have high expectations for every student. The curriculum is challenging and encompasses varied teaching and learning approaches. Our staff collaborates regularly to discuss student success, planning, intervention strategies for struggling learners and to improve overall practice. Lake Forest students also have access to many

## 2023-24 School Description and Mission Statement

online programs to help support their learning and differentiates lessons for the students based on their academic level. Teachers monitor student progress through online assessment tools embedded in the adopted curriculum and in additional online sources such as IXL, Reflex Math and Accelerated Reader. Intervention support has become a huge priority, and leveled groups are used whenever possible, especially in the lower grades who need support with fundamental skills. There are two Literacy Intervention Specialists who help support students in grades 1-5 who struggle with reading. There is one Math Intervention Specialist who helps support students in the subject area of math in grades K-5. The curriculum focus is based on California State Standards. These standards are taught at every grade level; current district adopted curriculum includes Benchmark Advance for Language Arts instruction, Houghton Mifflin Go Math program, and Step Up to Writing. Next Generation Science Standards are taught using the newly-adopted Science curriculum, Twig Science, and supplemented with Mystery Science. All instruction is aligned to current NGSS standards. All students, from first to fifth grade have one-to-one access to Chromebooks in their classrooms. Transitional Kindergarten and Kindergarten students use I-pads in small groups. Chromebook use is integrated into Math, Reading, Writing, Social Studies, and Science lessons on a daily basis, and students also receive instruction at every grade level to meet CA State Technology Standards.

Currently, Lake Forest teachers and support staff are working together to address students' social and emotional needs through reviews of on-going research, and collaborative discussions to better identify students who need alternative interventions to encourage academic success and to better develop an encouraging, caring atmosphere in the classroom for the benefit of all students. A school counselor works directly with staff and families to create groups and administer age-appropriate lessons. This year, the district purchased a Social-Emotional curriculum, Character Strong, that is being taught by both the teachers and the school counselor during classroom guidance lessons. Our school psychologist works with students in 1:1 therapy sessions in accordance with their Individual Education Plans (IEPs). The school also implemented its I-SWIM (Inclusive, Safe, Work Hard, Integrity, Mindful of Others) tickets, which promotes positive character traits throughout the school campus. In the fall of 2023, a fifth grade leadership team was created, where the focus is on community service, finding ways around school campus to make Lake Forest an even better school community.

The core curriculum is enhanced through special learning activities such as our Science Prep Class, Science instruction for 4th and 5th grade students; outdoor education; life lab garden science; art and health, dramatic and musical productions by guest artists and student performers; and participation in events such as Nature Club, Festival of Oral Interpretation, and Spelling Bee. Field trips include (but are not limited to): Coloma, the El Dorado Hills Library, MOSAC Hands-On Science Museum, Fog Willow Farms, The El Dorado County Courthouse, Safeway and Viscuzos, Sacramento Zoo, Folsom Zoo, the Nimbus Fish Hatchery, the Harris Performing Arts Center, and River Bend Outdoor Education. The Sacramento Puppeteer Company, Sacramento Watershed, Wild Things, and Explor-It are some on-campus field trip experiences who came to Lake Forest. Fifth graders participate in Project Lead, which is a 12-week program taught by El Dorado County's District Attorney, 2 weeks of mock trial prep, and then a culminating field trip to the courthouse in Placerville for a mock trial. Fourth grade students participated in A Touch of Understanding Assembly, which is a day of hands-on experiences to help teach students about tolerance and inclusion. Additionally, learning opportunities are brought to the campus through the support of the fundraising efforts of our Parent Teacher Council. We have an Art Specialist who teaches art to all students in grades TK-5 twice a month. PTC has also funded several assemblies including: Rhythm Magic Music Assembly, Mobile Ed's STEAM Museum, Go Green BMX Air Show, and Mobile Ed's On-Site Planetarium. The school has also invited Kevin Bracy to come and provide a motivational assembly for the second half of the school year.

Each month, students are recognized during our Monthly Awards Assemblies. Students are recognized for their achievements in Reading, Math, and various "achievements" around campus. In addition, students are also recognized for showing outstanding character for the character trait for the month.

A high value is placed on the family, and parental involvement is welcomed and encouraged. Many parents volunteer in classrooms on a regular basis and others support the school in a variety of ways. The Lake Forest School Site Council (SSC) and Parent Teacher Council (PTC) are two organizations that encourage family input and involvement. The SSC is composed of school staff and parents who work to develop a Single Plan for Student Achievement to enhance the educational program. The PTC organizes parent and community volunteers, plans family-oriented socials, and facilitates school fundraisers to support and enhance the instructional programs. The Lake Forest PTC has been instrumental in purchasing new technology, learning programs, supporting the arts, and providing intervention for struggling students.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Misassignments	0.00	0.00
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	0.00	0.00

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	1.00
Local Assignment Options	0.20	0.60
<b>Total Out-of-Field Teachers</b>	0.20	1.60

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	0	0
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

School buildings and grounds at Lake Forest School provide a clean, positive environment that is conducive to teaching, instruction, and learning. Staff and student restrooms are clean and well maintained. Floors, wall, roof, and plumbing are maintained on a regular schedule.

In recent years, we have made improvements to the site through the efforts of the school, district and connections to the community. This past summer, we painted a large mural on the outside of the multipurpose room. In addition, the four pillars at the front of the school were painted to match the multipurpose room. And, "Lake Forest Elementary" was painted on the end of the B-Wing, facing Francisco Drive and Sailsbury Drive, so that all the families could see as they turned into the school. Our garden, through a partnership with staff and volunteers, has become a wonderful learning environment and a source of great pride on campus. Landscaping improvements at various locations have also been completed in recent months by district personnel, community outreach, Parent Teacher Council and Scout troops. These include repairs to our garden boxes and irrigation, bark replacements in multiple areas of the school, the addition of an "outside classroom," and long term garden plans are made possible through our District Garden Coordination. Our local partnerships with Project Green allows our school garden to be able to continue to expand. This coordination of resources has many in the Lake Forest excited about our future plans for improving both our scenery and our health and environment education programs. All of these projects are much appreciated and have kept Lake Forest's learning environment beautiful.

Lake Forest is scheduled to have solar panels installed in the parking lot in summer 2024.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	61	70	70	69	47	46
<b>Mathematics</b> (grades 3-8 and 11)	60	71	60	62	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

A high value is placed on families at Lake Forest Elementary School, and parent involvement is strongly advocated. Many parents volunteer in classrooms on a consistent basis, and parent input is welcome and sought out in all areas. The Lake Forest School Site Council (SSC) and Parent Teacher Council (PTC) are two organizations that encourage community input and involvement. The PTC organizes parent and community volunteers, plans family oriented social functions, and organizes fundraisers. The PTC sponsors many programs at Lake Forest, including: Art Specialist for grades TK-5, Literacy Intervention Specialist for grades 1-5, Math Intervention Specialist for grades K-5, all-school assemblies and experiences including: Magic Rhythm Music Assembly, Mobile Ed's STEAM Assembly/Experience, Kevin Bracy's Motivational Speaker, Go Green BMX Bike Show, and Mobile Ed's Planetarium Show. The SSC helps develop a Single Plan for Student Achievement and works with the school staff, PTC, and community to set yearly goals and objectives in reading/language arts, math/science and health, wellness, citizenship, visual and performing arts, and fitness. Technology improvements, art docent programs and visual and performing arts activities/assemblies are offered annually to our students and supported through the fundraising efforts of the PTC and our Single Plan for Student Achievement.

## 2023-24 School Safety Plan

Creating and maintaining a positive school culture and climate is the goal at Lake Forest Elementary School. Every member of our school (student, staff, family, and community member) are part of our team, and we all have to work together to help make Lake Forest an even better place. It is our belief that the best things will happen for children as we endeavor to help them make good judgments and choices. We look for the good in all children and help them discover their own self-worth. A positive discipline program is in place, and students are regularly recognized for their contributions to the positive school climate. The learning environment component reviews discipline procedures on an annual basis. The suspension and expulsion rates over the past five years have been very low when compared to district and state averages.

We have Positive Behavior Intervention and Supports (PBIS) in place, which provided students positive encouragement to be the best version of themselves each and every day. Students have the opportunity to earn "I-SWIM" tickets each day, which recognizes students being: inclusive, safe, working hard, showing integrity, and being mindful of others. We have created a 5th grade Leadership Team, whose focuses is on community service and finding ways to help others around campus and in the community. There is also a Safety Patrol (which helps students with crossing students safely) and a Peace Patrol (which allows the 4th and 5th grade students to help at the younger students' recess: both interact and build relationships with those students and also solve problems when problems arise). Each month students discuss a new character trait: what it means and what it looks like and sounds like when one demonstrates that character trait.

Our School Safety Plan is updated yearly and includes goals and objectives for improving the physical environment and the school climate. This includes promoting our I-SWIM Program, anti-bullying lessons and assemblies, encouraging student participation in community service activities, creating a safe, nurturing environment, and celebrating our increasing cultural diversity. Students contribute to the community through service learning projects, which extend classroom learning time and increase students' personal involvement in academics. Our school counselor works with all students on campus in various capacities: She gives monthly guidance lessons in each classroom based on our character trait, and she runs small groups based on social skills needs (Worry Warriors, etc), as well as provides individual support for students on an as-needed basis.

## 2023-24 School Safety Plan

Students at Lake Forest have the opportunity of being recognized monthly during our awards assemblies. Students can receive for awards for both academic achievement in: Reading or Math, or for demonstrating the character trait for the month. Academic achievement is also recognized trimesterly through our school Honor Roll program. Fourth and fifth grade students receive certificates of recognition for earning a grade point average of 3.5 (B+) or above.

We have a fully equipped library, full-sized multipurpose room with indoor and outdoor stages, and an office with a staff lounge and workroom. In addition, we have a Learning Center, a Wellness Center, Occupational Therapy room, and an Art Room. There are Chromebook carts in all classes 1st-5th (i Pads in TK-K) including the Science prep classroom. We currently have 2 custodians and district utility technicians working diligently to keep the school in excellent condition.

For the safety of our students, fire, lock down, and “duck and cover” drills are conducted with students and staff, and an emergency preparedness plan is in effect. Campus supervision is provided according to policies established by the District Board of Trustees. All efforts to ensure building safety, cleanliness, and adequacy have been successful. Students in fifth grade serve as Safety Patrol Officers. They assist in keeping the campus safe before and after school.

## Fiscal Year 2022-23 Types of Services Funded

All Rescue schools receive equal allocations, per student, of LCFF Base Funding. This funding helps support students by providing instructional materials, supplies and other needs. Funding for support services, such as maintenance of buildings and grounds, utilities, and student transportation, is budgeted for at the district level and provided to each school site based on the varying needs of the individual school.

In addition to the Base Funding described above, schools in the Rescue Union School District receive Supplemental funding roughly proportional to the number of unduplicated pupils (English Learners, Socioeconomically Disadvantaged, and Foster/Homeless Youth) they serve. Furthermore, school sites receive allocations from other state and federal categorical programs, including Title I and Title II. The purpose of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students.

## Fiscal Year 2021-22 Teacher and Administrative Salaries

## Professional Development

Early Release Professional Development/Teacher Collaboration days are scheduled every Wednesday throughout the school year. During these meetings, teachers work to analyze assessment data and target key standards. In addition, they plan, develop and improve effective instructional strategies. Staff development related to instructional practices, adopted curriculum, technology, Social Emotional Learning, and other educationally related matters are provided for all teachers. This year, our school site used specific Professional Development money to send school staff to training/conferences on: Counseling, California Assessment, Kindergarten Conference, Paraeducator Conference, and School Climate Conference.

This table displays the number of school days dedicated to staff development and continuous improvement.
