39. Statutory Attendance Options:

California law requires school districts to provide an education to any pupil who resides within the district's attendance area. Although pupils have the right to a free, public education, the law does not guarantee that a pupil can attend the school of choice, or even the neighborhood school.

Existing statutory attendance options include interdistrict transfer, Allen Transfer, Intradistrict Transfer, Open Enrollment, ESSA, and District of Choice. Parents/guardians should contact the District/COE regarding any and all enrollment options.

Interdistrict Transfer

A pupil may attend a school in a district other than the pupil's district of residence pursuant to an interdistrict agreement between the district of residence and district of desired attendance. Each school district has adopted policies regarding interdistrict attendance. Parents/guardians wishing to enroll their pupil at a school district outside of their resident school district may obtain an application for interdistrict attendance transfer from the District/COE. Interdistrict transfer agreements must be approved by both the pupil's school district of residence and the school district to which the pupil seeks to transfer. The agreement may include terms or conditions. It is within the authority of either the school district of residence or the receiving school district to revoke an interdistrict transfer/reciprocal agreement at any time for any reason the school district governing board or school district superintendent deems appropriate. If a request for an interdistrict transfer agreement is denied, the pupil's parents/guardians may file an appeal to the county office of education in the pupil's school district of residence within 30 days of receipt of the official notice of denial of the transfer.

Allen Transfer

Education Code section 48204(b) permits a school district to deem a pupil to have complied with the residency requirements for attendance if at least one parent or the legal guardian of the pupil is physically employed within the boundaries of that school district for a minimum of 10 hours during the school week. School districts within which at least one parent/guardian of a pupil is employed

are not required to admit the pupil to its schools. Once admitted the pupil may attend school in the district in which the parent or guardian is employed through grade 12 so long as the parent or guardian continues to be physically employed by an employer situated within the attendance boundaries of the school district, subject to certain conditions specified in EC 48204. As a resident, the pupil does not have to reapply for the transfer to be valid.

Intradistrict Transfer

An intradistrict transfer applies when parents/guardians wish to register/admit/enroll their pupil(s) at a school other than the designated school that is in their attendance area within their school district. Each school district shall adopt rules and regulations establishing a policy of open enrollment within the district for residents of the district. This requirement does not apply to a school district that has only one school or a school district with schools that do not serve any of the same grade levels. Education Code section 35160.5(b) permits parents to indicate a preference for the school that their child will attend, irrespective of the child's place of residence within the school district.

To the extent required and financed by federal law and at the request of the pupil's parent or guardian, each school district shall provide transportation assistance to the pupil. [EC 35160.5(b)(4)].

Open Enrollment

The Open Enrollment Act [EC 48350-48361] provides an option to pupils attending low-achieving schools within their "school district of residence" to enroll in schools with higher Academic Performance Indices (API). The Superintendent of Public Instruction creates an annual list of schools subject to the provisions of the Open Enrollment Act. Parents/guardians of pupils attending any of these schools may apply for admission to a higher achieving school by January 1. The receiving school district ("district of enrollment") may adopt specific standards for the acceptance and rejection of applications under this provision. These may include consideration of capacity issues as well as the potential adverse financial impact. While technically remaining law, the CDE has replaced the API.

Every Student Succeeds Act

Districts may provide alternative supports and public school choice.

Parents/guardians who are interested in finding out more about attendance and/or program options should contact the District for more information on the District's policies, procedures, and timelines for applying for transfers. [EC 48980(h)]. (See (Attachment-8) for list of enrollment options available to the pupils within the District)

District of Choice

A school district may elect to operate the school district as a school district of choice and may accept transfers from school districts of residence pursuant to Education Code 48300 et seq. Please contact the District office to determine applicability.

40. Notice of Teacher Qualifications

LEAs will ensure that all teachers working in a program supported with Title I, Part A funds meet applicable state certification and licensure requirements. At the beginning of each school year, an LEA that receives Title I funds shall notify the parents of each student attending any school receiving such funds that the parents may request, and the LEA will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum, the following: (20 U.S.C. sections 6312[c][6], 6312[e][1][A])

- c) Whether the student's teacher is teaching in the field of discipline of the certification of the teacher. (20 U.S.C. Section 6312[e][1][A][iii])
- d) Whether the child is provided services by paraprofessionals and, if so, their qualifications. (20 U.S.C. Section 6312[e][1][A][iv])

45. Foster and Homeless Youth, Pupils of Military Families, Former Juvenile Court School Pupils, Migratory Children, and High Mobility Pupils:

Foster or homeless youth, former juvenile court school pupils, pupils of military families, currently migratory children, and newcomer program participants in their third or fourth year of high school may be exempted from local graduation coursework requirements that are in addition to state graduation requirements unless the District/COE makes a finding that the pupil is reasonably able to complete graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school. Such pupils shall not be required to accept the exemption or be denied enrollment in, or the ability to complete, courses for which the pupil is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements. The District/COE is also required to consult with an eligible pupil and the person holding the pupil's educational rights of the option to remain in school for a 5th year if the local educational agency determines the pupil is reasonably able to complete the local educational agency's graduation requirements within the pupil's 5th year of high school. If the District/COE makes such a determination, they are required to:

- Consult with the pupil and the person holding the right to make educational decisions for the pupil regarding the pupil's option to remain in school for a fifth year to complete the local educational agency's graduation requirements.
- Consult with the pupil, and the person holding the right to make educational decisions for the pupil, about how remaining in school for a fifth year to complete the local educational agency's graduation requirements will affect the pupil's ability to gain admission to a postsecondary educational institution.
- Consult with and provide information to the pupil about transfer opportunities available through the California Community Colleges.
- Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the person holding the right to make educational decisions for the pupil.
- For a pupil in foster care or a pupil who is a homeless child or youth, consult with the pupil, and the person holding the right to make educational decisions for the pupil, regarding the pupil's option to remain in the pupil's school of origin, pursuant to EC 48852.7 for a pupil who is a homeless child or youth, or EC 48853.5 for a pupil in foster care.

The District/COE shall exempt an eligible pupil from the local educational agency's graduation requirements and provide the pupil the option to remain in school for a fifth year to complete the statewide coursework requirements if the District/COE determines that an eligible pupil is not reasonably able to complete the local educational agency's graduation requirements within the pupil's fifth year of high school, but is reasonably able to complete the statewide coursework requirements specified in EC 51225.3.

The District/COE shall be required to reevaluate eligibility when a pupil is determined to be not eligible for an exemption and provide written notice to the pupil, the person holding the right to make educational decisions for the pupil, and the pupil's social worker or probation officer, if applicable, whether the pupil qualifies for an exemption within the first 30 calendar days of the following academic year. Pupils in foster care may not have their grades lowered due to absences under certain circumstances, like a change in placement or court attendance. Eligible pupils who may qualify for the exemption from local graduation requirements are entitled to notice of the exemption within 30 calendar days of the date the pupil transfers into a school.

In addition to other requirements, the District/COE is required to accept coursework satisfactorily completed by a pupil in foster care, a pupil who is a homeless child or youth, a former juvenile court school pupil, a pupil who is a child of a military family, a pupil who is a migratory child, or a pupil participating in a newcomer program while attending another public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and shall issue that pupil full or partial credit for the coursework completed. Eligible pupils shall not be required to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency shall not require the pupil to retake the portion of the course the pupil completed unless the local educational agency, in consultation with the holder of educational rights for the pupil, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. If partial credit is awarded the eligible pupil shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. A complaint for noncompliance may be filed under the District/COE's Uniform Complaint Procedures. [See Paragraph 28] [EC 51225.1 et seq.]. Eligible students should contact the District/COE regarding specific qualifications and requirements.

51. Earned Income Tax Credit Information Act:

Based on your annual earnings, you may be eligible to receive the Earned Income Tax Credit from the Federal Government (Federal EITC). The Federal EITC is a refundable federal income tax credit for low-income working individuals and families. The Federal EITC has no effect on certain welfare benefits. In most cases, Federal EITC payments will not be used to determine eligibility for Medicaid, Supplemental Security Income, food stamps, low-income housing, or most Temporary Assistance for Needy Families payments. Even if you do not owe federal taxes, you must file a federal tax return to receive the Federal EITC. Be sure to fill out the Federal EITC form in the Federal Income Tax Return Booklet. For information regarding your eligibility to receive the Federal EITC, including information on how to obtain the Internal Revenue Service (IRS) Notice 797 or any other necessary forms and instructions, contact the IRS by calling 1-800-829-3676 or through its website at www.irs.gov.

You may also be eligible to receive the California Earned Income Tax Credit (California EITC) starting with the calendar year 2015 tax year. The California EITC is a refundable state income tax credit for low-income working individuals and families. The California EITC is treated in the same manner as the Federal EITC and generally will not be used to determine eligibility for welfare benefits under California law. To claim the California EITC, even if you do not owe California taxes, you must file a California income tax return and complete and attach the California EITC Form (FTB 3514). For information on the availability of the credit eligibility requirements and how to obtain the necessary California forms and get help filing, contact the Franchise Tax Board at 1-800-852-5711 or through its website at www.ftb.ca.gov.

PPRA Model Notice and Consent/Opt-Out for Specific Activities

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. § 1232h, requires school districts to notify you and obtain consent or allow you to opt your child out of participating in certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas ("protected information surveys"):

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or student's parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure, or use of student information for marketing purposes ("marketing surveys"), and certain physical exams and screenings. Policies regarding these rights may be obtained from the school district/COE.

Parents who believe their rights have been violated under this section may file a complaint with the Family Compliance Office, U.S. Department of Education, 400 Maryland Avenue, S.W., Washington, DC 20202-5901.

Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") the right to access the student's education records. Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

Additionally, parents or eligible students, maintain the right to request the amendment of the student's education records that the parent or eligible student alleges the records contain:

1. inaccuracy, or
2. unsubstantiated personal conclusion or inference, or
3. conclusion or inference outside of the observer's area of competence, or
4. data is not based upon the personal observation of a named person with the time and place of the observation noted, or
5. misleading information/conclusions, or
6. violations of the student's privacy or other rights.

Parents should write to the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

Parents or eligible students maintain the right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception permits disclosure without consent to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing their tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill their professional responsibility. Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

Another exception permits disclosure of appropriately designated "directory information" without written consent unless parents have advised the School to the contrary in accordance with school district procedures. The primary purpose of directory information is to allow the School to include this type of information from a student's education records in certain school publications (e.g., yearbooks, honor roll lists, sports activity sheets). Directory information, which is information that is not generally considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without prior written consent. In addition, schools are required to provide military recruiters, upon request, with secondary students' names, addresses, and telephone listings unless parents have advised the school that they do not want their student's information disclosed without their prior consent.

The School has designated the following information as directory information: student's name, participation in officially recognized activities and sports, address, telephone listing, weight and height of members of athletic teams, e-mail address, photograph, degrees, honors, and awards received, date of birth, major field of study, dates of attendance, and the most recent educational agency or institution attended. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin, unless consent is obtained prior to release. If parents do not want the School to disclose directory information from their child's education records without prior written consent, they must notify the School in writing. [20 U.S.C. § 7908, 34 C.F.R. § 99.37, EC 49073].

Parents or eligible students maintain the right to file a complaint with the U.S. Department of Education concerning alleged failures by the School District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

Please return this acknowledgment, with the required signature, to your student's school.

These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous permanent process.
- (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district."

2. Submission to or rejection of the conduct by a student is used as the basis for academic decisions affecting the student.
3. The conduct has the purpose or effect of having a negative impact on the student's academic performance or of creating an intimidating, hostile, or offensive educational environment.
4. Submission to or rejection of the conduct by the student is used as the basis for any decision affecting the student regarding benefits and services, honors, programs, or activities available at or through any district program or activity.

(cf. 5131 - Conduct)

(cf. 5131.2 - Bullying)

(cf. 5137 - Positive School Climate)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)

Examples of types of conduct which are prohibited in the district and which may constitute sexual harassment include, but are not limited to:

1. Unwelcome leering, sexual flirtations, or propositions
2. Unwelcome sexual slurs, epithets, threats, verbal abuse, derogatory comments, or sexually degrading descriptions
3. Graphic verbal comments about an individual's body or overly personal conversation
4. Sexual jokes, derogatory posters, notes, stories, cartoons, drawings, pictures, obscene gestures, or computer-generated images of a sexual nature
5. Spreading sexual rumors

6. Teasing or sexual remarks about students enrolled in a predominantly single-sex class
7. Massaging, grabbing, fondling, stroking, or brushing the body
8. Touching an individual's body or clothes in a sexual way
9. Impeding or blocking movements or any physical interference with school activities when directed at an individual on the basis of sex
10. Displaying sexually suggestive objects
11. Sexual assault, sexual battery, or sexual coercion

School-Level Complaint Process/Grievance Procedure

Complaints of sexual harassment, or any behavior prohibited by the district's Nondiscrimination/Harassment policy - BP 5145.3, shall be handled in accordance with the following procedure:

1. **Notice and Receipt of Complaint:** Any student who believes he/she has been subjected to sexual harassment or who has witnessed sexual harassment may file a complaint with any school employee. Within 24 hours of receiving a complaint, the school employee shall report it to the district Coordinator for Nondiscrimination/Principal. In addition, any school employee who observes any incident of sexual harassment involving a student shall, within 24 hours, report this observation to the Coordinator/Principal, whether or not the victim files a complaint.

In any case of sexual harassment involving the Coordinator/Principal to whom the complaint would ordinarily be made, the employee who receives the student's report or who observes the incident shall instead report to the Superintendent or designee.

2. **Initiation of Investigation:** The Coordinator/Principal shall initiate an impartial investigation of an allegation of sexual harassment within five school days of receiving notice of the harassing behavior, regardless of whether a formal complaint has been filed. The district shall be considered to have "notice" of the need for an investigation upon receipt of information from a student who believes he/she has been subjected to harassment, the student's parent/guardian, an employee who received a complaint from a student, or any employee or student who witnessed the behavior.

If the Coordinator/Principal receives an anonymous complaint or media report about alleged sexual harassment, he/she shall determine whether it is reasonable to pursue an investigation considering the specificity and reliability of the information, the seriousness of the alleged incident, and whether any individuals can be identified who were subjected to the alleged harassment.

SEXUAL HARASSMENT (continued)

3. **Initial Interview with Student:** When a student or parent/guardian has complained or provided information about sexual harassment, the Coordinator/Principal shall describe the district's grievance procedure and discuss what actions are being sought by the student in response to the complaint. The student who is complaining shall have an opportunity to describe the incident, identify witnesses who may have relevant information, provide other evidence of the harassment, and put his/her complaint in writing. If the student requests confidentiality, he/she shall be informed that such a request may limit the district's ability to investigate.
4. **Investigation Process:** The Coordinator/Principal shall keep the complaint and allegation confidential, except as necessary to carry out the investigation or take other subsequent necessary action. (5 CCR 4964)

The Coordinator/Principal shall interview individuals who are relevant to the investigation, including, but not limited to, the student who is complaining, the person accused of harassment, anyone who witnessed the reported harassment, and anyone mentioned as having relevant information. The Coordinator/Principal may take other steps such as reviewing any records, notes, or statements related to the harassment or visiting the location where the harassment is alleged to have taken place.

- d. The number of persons engaged in the harassing conduct and at whom the harassment was directed
- e. The size of the school, location of the incidents, and context in which they occurred

This timeline may be extended for good cause. If an extension is needed, the Coordinator/Principal shall notify the student who complained and explain the reasons for the extension.

The report shall include the decision and the reasons for the decision and shall summarize the steps taken during the investigation. This report shall be presented to the student who complained, the person accused, the parents/guardians of the student who complained and the student who was accused, and the Superintendent or designee.

Immigration Status "Know Your Rights"

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
 - In California: All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. In addition, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported.
- You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Rescue Union School District recognizes the importance of mental health services for students and schools have a critical role to play in meeting the social, emotional and behavioral health needs of children and youth.

School-based mental health encompasses a continuum from promoting positive mental health and social emotional learning to early intervention and treatment to recognizing and addressing children's mental disorders. Mental health promotion and early intervention are key to keeping children in school, improving education outcomes and preventing more serious disorders and costs later in life.

In accordance with AB 2022, (pupil mental health services school notification) Rescue Union School District wants to ensure that parents, guardians, and students are informed about resources available for anyone who believes they are in a mental health crisis.

There are resources at school and in the community that can help. If you have concerns regarding your child's mental health, please contact your school site and ask to speak with the school counselor or school psychologist. These staff members can discuss your concerns, provide services to your child, and/or direct you to resources in the community.

Subject: Required Notification of California Law Regarding Safe Storage of Firearms

Senate Bill 906 requires school districts to provide an annual notification regarding the importance of safely storing firearms. The purpose of this memorandum is to inform and remind parents and legal guardians of all students in the **Rescue Union School District** of their responsibilities for keeping firearms out of the hands of children as required by California law.

To help everyone understand their legal responsibilities, this memorandum spells out California law regarding the storage of firearms. Please take some time to review this memorandum and evaluate your own personal practices to assure that you and your family are in compliance with California law.

- With very limited exceptions, California makes a person criminally liable for keeping any firearm, loaded or unloaded, within any premises that are under their custody and control where that person knows or reasonably should know that a child is likely to gain access to the firearm without the permission of the child's parent or legal guardian, and the child obtains access to the firearm and thereby (1) causes death or injury to the child or any other person; (2) carries the firearm off the premises or to a public place, including to any preschool or school grades kindergarten through twelfth grade, or to any school-sponsored event, activity, or performance; **or** (3) unlawfully brandishes the firearm to others. [1]

- **Note:** The criminal penalty may be significantly greater if someone dies or suffers great bodily injury as a result of the child gaining access to the firearm.

- With very limited exceptions, California also makes it a crime for a person to negligently store or leave any firearm, loaded or unloaded, on their premises in a location where the person knows or reasonably should know that a child is likely to gain access to it without the permission of the child's parent or legal guardian, unless reasonable action is taken to secure the firearm against access by the child, even where a minor **never** actually accesses the firearm. [2]

- In addition to potential fines and terms of imprisonment, as of January 1, 2020, a gun owner found criminally liable under these California laws faces prohibitions from possessing, controlling, owning, receiving, or purchasing a firearm for 10 years. [3]

- Finally, a parent or guardian may also be civilly liable for damages resulting from the discharge of a firearm by that person's child or ward. [4]

Thank you for helping to keep our children and schools safe. Remember that the easiest and safest way to comply with the law is to keep firearms in a locked container or secured with a locking device that renders the firearm inoperable.
