RESCUE UNION SCHOOL DISTRICT

AGENDA ITEM: Revision to Board Policy 6170.1: Transitional Kindergarten

RECOMMENDATION:

The Superintendent recommends the Board approve the revised Board Policy 6170.1: Transitional Kindergarten

BACKGROUND:

Transitional kindergarten (TK) is the first year of a two-year kindergarten program that uses a modified kindergarten curriculum that is age and developmentally appropriate. Senate Bill (SB) 858 establishes the intent that TK curriculum be aligned to the *California Preschool Learning Foundations* and *California Preschool Curriculum Frameworks* developed by the CDE. Each elementary or unified school district must offer TK classes for all children eligible to attend. A child who completes one year in a TK program, may continue in a kindergarten program for one additional year. A Kindergarten Continuance Form is not needed for children who are age-eligible for TK.

STATUS:

Starting with the 2022-23 school year, all school districts in California, including RUSD, will be required by state law to expand their Transitional Kindergarten (TK) classrooms until all 4 year olds are eligible for TK by 2025-26. This revised Board Policy reflects changes that are in alignment with the California Department of Education (CDE). There is no corresponding AR (Administrative Regulation) for this BP (Board Policy).

FISCAL IMPACT:

The State of California fully funds every eligible child enrolled in TK programs in the State and as a result these enrollment date changes will not impact the district's budget.

BOARD GOAL(S):

Board Focus Goal I - STUDENT NEEDS

A. Student Safety and Well Being: Enhance and encourage social, emotional, ethical and civic learning by providing a safe, supportive and diverse environment.

B. Curriculum and Instruction: Provide a meaningful, innovative learning environment using Common Core, and other student content standards and research-based, progressive, effective instructional methodology, instructional materials, staff development and technology that will ensure student success in career and college.

Board Focus Goal II – FISCAL ACCOUNTABILITY

Keep the district fiscally solvent through prudent LCAP aligned budget processes in order to meet the needs of our students.

Board Focus Goal II - COMMUNICATION / COMMUNITY INVOLVEMENT

Establish and maintain consistent and effective communication that is transparent and timely in an effort to provide and receive information that will engage and educate our District and community.

Policy 6170.1: Transitional Kindergarten

Status: DRAFT

Original Adopted Date: 02/14/2012 | **Last Revised Date:** 10/13/2015 | **Last Reviewed Date:** 01/16/2024

If the district has adopted an extended-day kindergarten, the length of the school day for the TK program may be different than the length of the school day for the kindergarten program either at the same or different school sites. The Superintendent or designee shall annually report to CDE as to whether the district's TK programs are offered full day, part day or both. (Education Code 8973, 37202, 46111, 46111, 46115, 46117, 48003)

(cf. 6111 - School Calendar)

(cf. 6112 - School Day)

The Superintendent or designee shall develop a plan for how all children in the attendance area of the district will have access to full-day learning programs the year before kindergarten that meet the needs of parents/guardians, including through partnerships with the district's expanded learning offerings, the After School Education and Safety Program, the California State Presschool Program (CSPP), Head Start programs, and other community-based early learning and care programs. The Superintendent or designee shall present such a plan for consideration by the Board at a public meeting on or before June 30, 2022. (Education Code 8281.5)

TK students may be placed in the same classrooms as kindergarten students when necessary, provided that the instructional program is differentiated to meet student needs.

The district shall maintain an average TK class enrollment of not more than 24 students for each school site. (Education Code 48000)

Staffing

The Superintendent or designee shall ensure that teachers assigned to teach in TK classes possess a teaching credential or permit from the Commission on Teacher Credentialing (CTC) that authorizes such instruction.

(cf. 4112.2 - Certification)

A credentialed teacher who is first assigned to a TK class after July 1, 2015, shall, by August 1, 2023, have at least 24 units in early childhood education and/or child development, comparable experience in a preschool setting, and/or a child development teacher permit issued by the CTC. (Education Code 48000)

The Superintendent or designee may provide professional development as needed to ensure that TK teachers are knowledgeable about the standards and effective instructional methods for teaching young children including, but not limited to, developing competencies in serving inclusive classrooms and dual language learners.

The district shall, commencing with the 2022-23 school year, maintain an average of at least one adult for every 12 students and, contingent upon appropriation of funding, maintain an average of at least one adult for every 10 students commencing with the 2023-24 school year. (Education Code 48000)

(cf. 4131 - Staff Development)

Continuation to Kindergarten

Students who complete the TK program shall be eligible to continue in kindergarten the following school year. Parents/guardians of such students shall not be required to submit a signed Kindergarten Continuance Form for kindergarten attendance.

However, whenever children who would otherwise be age-eligible for kindergarten are enrolled in TK, the

Superintendent or designee shall obtain a Kindergarten Continuance Form signed by the parent/guardian near the end of the TK year consenting to the child's enrollment in kindergarten the following year.

A student shall not attend more than two years in a combination of TK and kindergarten. (Education Code 46300)

AGENDA ITEM: Board Reserve Levels for Economic Uncertainty and Budget Guidelines Document

RECOMMENDATION:

The Superintendent recommends the Board of Trustees approve the Board Budget Guidelines for 2024-2025.

BACKGROUND:

The RUSD Board has in the past, adopted a budget guidelines document to be used when developing the District's annual budget. Included in the budget guidelines was an assignment to increase the economic uncertainty reserve from the required 3% up to a total of 10% due to declining enrollment.

STATUS:

Board Policy (BP3100) reflects the economic uncertainty reserve to be consistent with the state minimum; therefore, the Board will need to approve a budget guideline document to change the economic uncertainty reserve level to 10%.

This budget guideline document reflects the current economic factors facing the District in 2024-25 for Board discussion and action.

FISCAL IMPACT:

Maintaining sufficient reserves in the budget year of 2024-25 and the two subsequent years will protect the district as we continue to face uncertain times with continued inflation, increasing interest rates, potential recession, and governor elections.

BOARD GOAL:

Board Focus Goal II – FISCAL ACCOUNTABILITY:

Keep the district fiscally solvent through prudent LCAP aligned budget processes in order to meet the needs of our students.

RESCUE UNION SCHOOL DISTRICT
2024-25
BUDGET GUIDELINES

**PLEASE NOTE THE GUIDELINES ARE NOT IN PRIORITIZED ORDER*

- 1) The Governing Board's priority is to maintain its investment in the educational opportunities for students.
- 2) Annually the Board will review the Reserve for Economic Uncertainties requirement to determine whether the minimum level of 3% is realistic given the current state funding volatility. As a declining enrollment district and in order to meet payroll obligations, the Board has assigned 10% of General Fund expenditures as the minimum reserve level.
- 3) The Board's long-range goals will provide the basis for budget priorities including future programs.
- 4) The District will employ the Local Control Funding Formula (LCFF) to project revenues in the Fiscal Year 2024-25 Budget as well as the Multi-Year Projection for revenues in Fiscal Year 2025-26 and Fiscal Year 2026-27.
- 5) The Superintendent and the Leadership team will solicit stakeholder input through the development of the Local Control Accountability Plan (LCAP) and align the annual budget with the Eight State Priorities that must be addressed in the LCAP:
 - i) Basic
 - ii) Implementation of State Standards
 - iii) Parent Involvement
 - iv) Pupil Achievement
 - v) Pupil Engagement
 - vi) School Climate
 - vii) Course Access
 - viii) Other Pupil Outcomes
- 6) The budget document will provide prior year budget and actual information to assist with comparisons.
- 7) When the Board authorizes a new unbudgeted general fund project or program, there shall be a funding source identified for the project or program.
- 8) Ongoing expenditures shall not exceed ongoing revenues unless specifically approved by the Board. At this time, the Board recognizes that the budget may reflect deficit spending in 2025-26.

- 9) One-time income shall be identified and appropriated to support expenditures that are of a nonrecurring nature.
- 10) All categorical programs shall be self-supporting and, where allowable, shall include allocations for indirect costs. Exceptions shall be those programs which mandate a level of general fund participation or that have been specifically exempted by the Board. Special Education and Transportation are recognized as not self-supporting.
- 11) The Board recognizes the contributions made to the District by its dedicated employees and allocates approximately 80-85% of the budgeted expenditures to salaries and benefits.
- 12) Prior to employee contract settlements, sources of money will be identified to support the settlements.
- 13) Employee benefits will be budgeted at the lesser of the negotiated cap or the actual benefit cost.
- 14) The Board acknowledges the continued increase of the District's contribution to the CalSTRS Pension on behalf of certificated employees.
- 15) The Board acknowledges the continued increase in the District's contribution to the CALPERS Pension on behalf of classified employees.
- 16) Staffing ratios shall comply with current collective bargaining contracts and state requirements.
- 17) Increases and/or decreases will be made to the price of services, supplies and equipment and such items as: gasoline, natural gas, electricity, insurance, water, postage, trash collections, telephone service, debt service, retirement or other benefits mandated by law.
- 18) Facilities and equipment will be maintained through capital improvements and preventative maintenance.
- 19) Significant increases or reductions from prior year expenditure levels shall be reported and explained to the Board in the Budget Document.
- 20) Budgets not included in the General Fund, such as the County Building Fund, Deferred Maintenance, Cafeteria and Special Reserves, shall be published in the Budget Document.

What is a JPA?

“Joint powers” is a term used to describe governmental agencies that have agreed to combine their powers and resources to work on their common problems.

Agencies that can exercise joint powers include federal agencies, state departments, counties, cities, special districts, school districts and even other joint powers. California agencies can even share joint powers with an agency in another state.

JPA is an acronym used for three different terms: Joint powers agreement; Joint powers agency; **Joint powers authority**.

A **joint powers authority** is a new separate government organization created by the member agencies but is legally independent from them. This new agency typically has officials from the member agencies on its governing board. JPA’s can only exercise those powers that are common to their member agencies. By sharing resources and combining services, the member agencies save time and money.

What is a JPA?

When private insurance companies raised their rates in the 1970s, many schools withdrew from the commercial insurance market and created JPA's to obtain self-insurance by pooling their funds. These JPA's continue to offer school districts and other public agencies a cost-effective alternative to commercial insurance. In this arrangement, each member agency provides money to the JPA, which controls the funds in a collective account.

School districts also form JPA's to purchase lower-cost medical, dental and vision benefits for teachers and district employees.

Who is Schools Insurance Authority (SIA)

Schools Insurance Authority (SIA) was formed on July 1, 1974, as a self-insurance and benefits JPA for 5 Sacramento area school districts. SIA is committed to saving and stabilizing insurance premium dollars for school districts to keep the dollars in the classrooms.

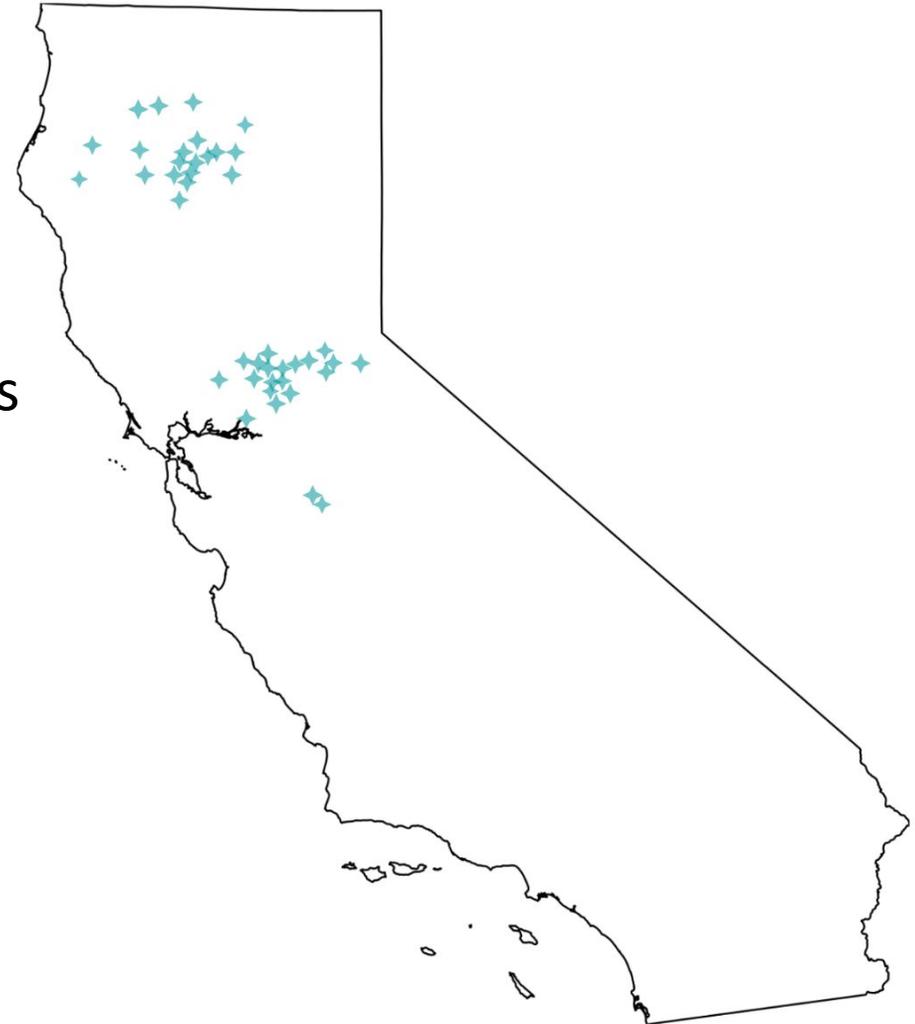

Today, SIA has a total of 72 members representing school districts, county offices of education, charter schools and other school district JPA's, all located in Northern and Central California. The lines of coverage obtainable through SIA are property, liability, workers' compensation, dental, vision, and EAP. Although not all members participate in all programs, it is through joining together that continued savings and stabilization of costs will be maintained for our members.

Rescue participates in property, liability, workers' compensation, and EAP.

Insurance Coverage

PROPERTY

SIA's property program provides coverage for physical damage to members' real and personal property up to \$100 million.

The member is responsible for the first \$5,000 of each claim; the pool is responsible for amounts between \$5,000 and \$250,000 with any additional loss, up to \$100 million, covered under the purchase of excess insurance from Schools Program Alliance (SPA). The SPA Program has been formed to keep rising costs down and SIA has been appointed as the Managing Member of SPA.

SIA staff performs the claim assessment, investigation, and administration of each claim, focusing on a prompt, appropriate claim resolution, which results in cost-savings for our members.

Insurance Coverage

Liability

SIA's liability program provides members with coverage for third party liabilities (general, automotive, employment practices, and errors and omissions) up to \$30 million. SIA is responsible for the first \$2,000,000 per claim.

Excess insurance is purchased to cover losses above \$2,000,000.

SIA's liability team works proactively with member districts to identify emerging risks and claim trends that affect the health and safety concerns of the students, staff, and surrounding communities. Their hands-on approach to claims resolution enables the member districts to focus their attention on educating students and conducting school business.

WORKERS' COMPENSATION

The SIA workers' compensation program provides members with claims administration services and other cost containment services such as our early intervention nurses and return-to-work program. SIA is responsible for claims up to \$1.5 million with excess insurance covering claims from \$1.5 million to the amount required by statutory law.

SIA's workers' compensation program exists to provide state mandated benefits to our member districts' employees who are injured on the job. SIA staff work diligently to coordinate prompt, appropriate medical care, and other benefits, to injured workers, while also protecting the districts' financial resources. SIA believes the best way to handle workers' compensation claims is to determine the compensability of the claim as soon as possible, and then utilize medical providers that are proven to provide quality ancillary medical services. Additionally, SIA staff will assist the employee in every way possible to stay at work and they will work with the claimant to resolve issues as they arise, as fairly as possible, within the law.

WORKERS' COMPENSATION CONTINUED

Managing claims under California's workers' compensation system can be challenging. SIA employs a staff of professional claims administrators, nurses, and support staff to manage this complex program. SIA's workers' compensation program utilizes special components in its process to achieve positive outcomes for injured workers.

These components include:

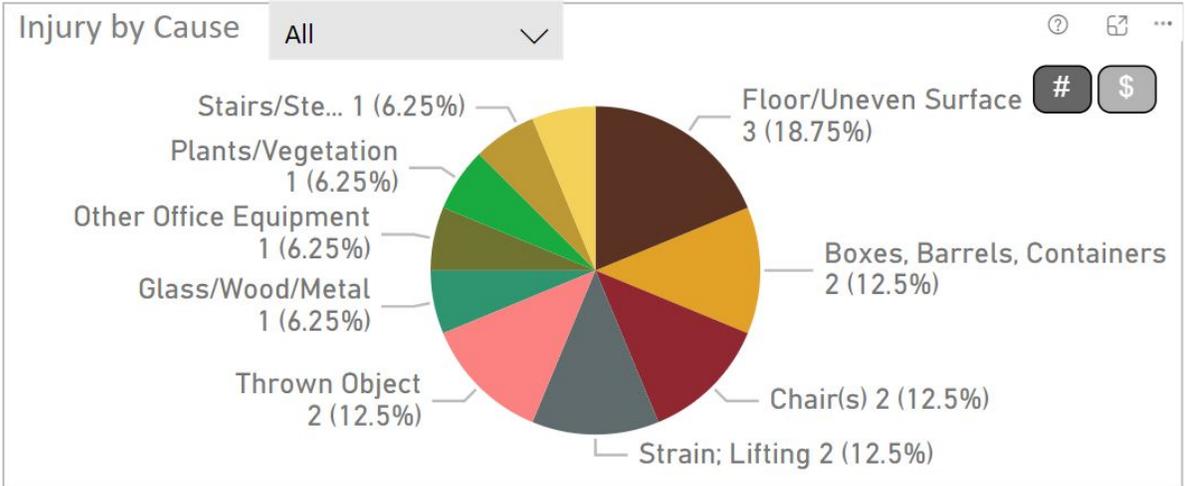

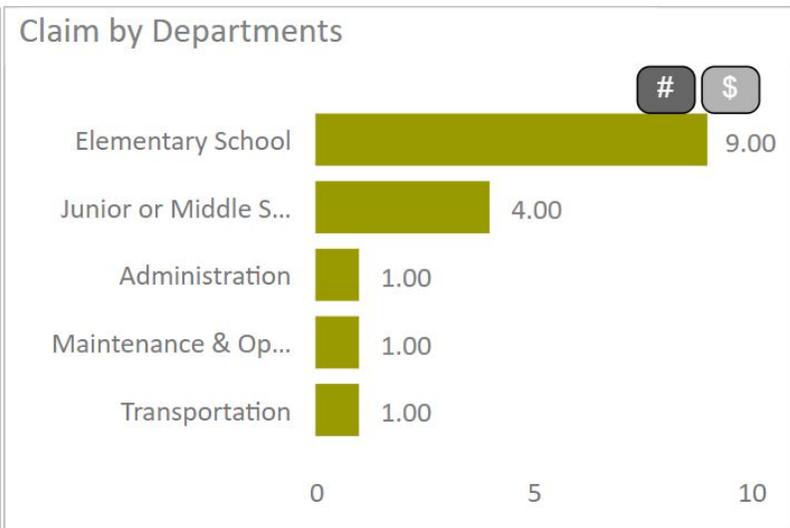

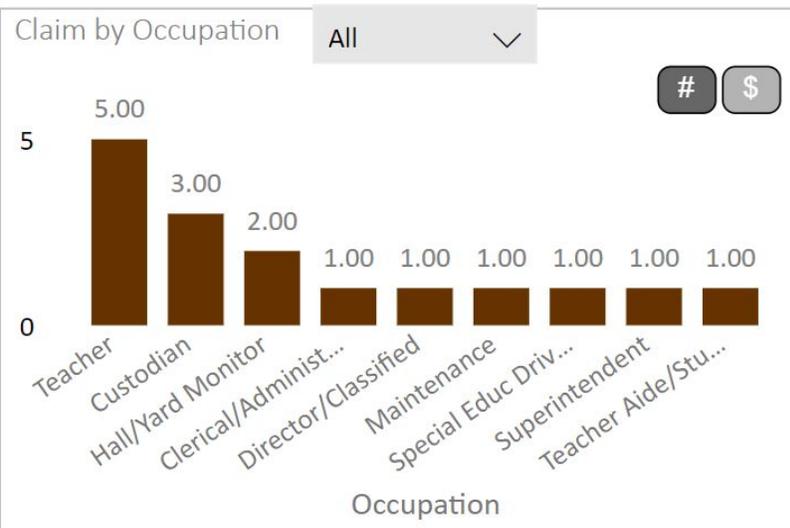

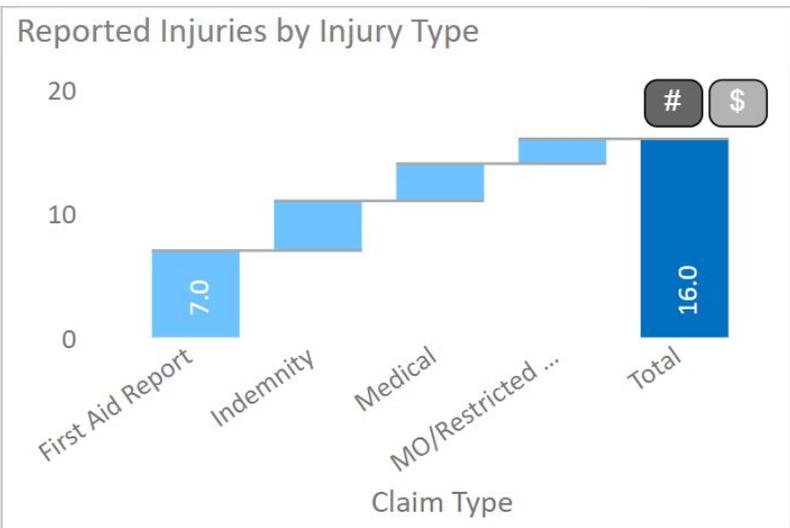

- The Early Intervention Nurse
 - Available to speak directly to the injured worker, directs the injured worker to the most appropriate physician for treatment, and works with the physician partners
- Structured Return to Work Program
 - Obtains restrictions from the physician, assists the member with modified duty, and works to bring the employee back into the work place
- In-House Utilization Review Program
 - Provides quality assessment of treatment requests, SIA's Medical Director works to avoid unnecessary or inappropriate treatment, provides sound claim review, and ensures that costs are not wasted

The level of experience available to handle our members' workers' compensation claims in-house enables SIA to achieve better than average claim outcomes on a consistent basis.

Sexual Abuse and Molestation (SAM) Claims

- **Expanded statute of limitations:** AB 218 increased the amount of time for victims to file civil lawsuits against abusers and/or entities which failed to prevent their abuse. Now, child abuse victims (under the age of 18) can bring civil claims until the age of 40, or within 5 years of their discovery of the abuse and/or damages associated with their abuse, whichever is later.
- **Three-year revival window:** AB 2777 created a three-year revival window for adult victims who were abused as minors to file civil sexual abuse lawsuits that were previously barred by the statute of limitations. The three year window is from January 1, 2023 through December 31, 2026.
- **Treble damages:** In cases where defendants willfully concealed or covered up sexual abuse, California AB 218 allows victims to be awarded triple the damages.
- **AB452:** Effective January 1, 2024, this bill eliminates the statute of limitations to recover for damages suffered as a result of childhood sexual assault. This bill includes treble damages.

Cyber Liability and Risk Mitigation

SIA is focused on prevention and planning. They have provided trainings, created a Cyber Advisory Committee, as well as developed action plans to ensure we can obtain and maintain Cyber Liability Insurance.

- Cyber incident response plan
- Disaster Recovery plan
- Business continuity plan
- Backups – offsite and records retention
- Multi-factor Authentication – continue to expand
- Cyber awareness
- Malicious actors detection and response

Ransomware attacks targeting K–12 schools worldwide last year grew at an “absolutely massive” rate of 827% over 2021, according to SonicWall’s 2023 Cyber Threat Report, and the data shows that education customers — those whose data is compromised during ransomware attacks — had the highest percentage reporting ransomware attempts of all sectors studied.

First Amendment Auditors

A First Amendment audit occurs when people film public officials or public employees to hold them “accountable” or to “test the right” to film in public spaces. The goal is to provoke negative responses from the public employees. These negative responses are deemed by the auditors as a violation of their First Amendment right to film in public spaces and they post the engagement on social media. These watchdog groups make up to \$150,000 per month for posting these videos.

Ways we can prepare are:

- Train staff, particularly those at each front office
- Clearly identify private and unauthorized areas
- Do what we can to deescalate the situation
